Boy Scouts, Factory Hands, Theater Audiences, Store Clerks, Truck Men and Bank Clerks Aid Oakland in Drive

Authorized cashiers from the banks of the city accompany every automobile and motor truck now utilized in Liberty Loan work in the downtown sections. These cashiers have written authorization to collect money in full or partial payments on Liberty Bonds.

Subscriptions may be made at these Liberty Loan automobiles and motor trucks with two same degree of safety as at local banks. The object of trucks and automobiles is to bring subscription facilities to those who cannot go to the banks.

Do not pay money to anyone except those properly authorized upon the trucks and automobiles, or at the banks. If in doubt request that proper authorization be shown.

JOSEPH H. KING,  
Executive Chairman,  
Oakland Liberty Loan Committee.

Alameda county is less than \$1,000,000 behind its Liberty loan quota, but Oakland is more than this amount behind in its quota. However, the committee feels certain that this deficiency will be more than made up before the date fixed for bringing the campaign to an end.

Following is the standing's statement to date:

Town	Quota	Subscription
Oakland	\$6,860,475	\$5,531,700
Berkeley	1,189,125	1,394,200
Alameda	481,725	521,950
Livermore	182,025	197,450
San Leandro	214,225	256,700
Hayward	217,050	220,650
Centerville	76,875	97,300
Newark	76,875	90,350
Pleasanton	52,350	61,650
Alvarado	16,425	28,400
Irvington (Mission San Jose, W. Springs)	24,150	34,450
Emeryville	41,100	66,500
Totals	\$9,442,500	\$8,631,500

Interest in Liberty Loan matters today are reported as centering in the rally which is to be staged at the city auditorium tomorrow evening under the auspices of the Women's Liberty Loan committee, the chief attraction of which is to be Mario Dressler, the well-known comedienne.

Ever since the announcement of the big gathering was made yesterday by the women of the committee, it is explained they have been besieged for further information and for platform seats which have been issued early to the number which the big stage will accommodate.

Miss Dressler notified the women's Liberty loan committee this morning by telegram that she will arrive in Oakland at 5 o'clock tomorrow afternoon.

RECEPTION TO BE GIVEN MISS DRESSLER.  
Immediately upon her arrival Miss Dressler will be driven to the Hotel Oakland, where she will be officially welcomed to the city by Crane Wilbur of the Macdonough Theater, in the presence of Mayor Davis and members of the women's Liberty loan committee.

Concluding the reception at the hotel there will be an automobile parade through the downtown section of the city. It will be led by Mrs. Frank Taylor. Riding with her in the leading machine will be Chief of Police J. H. Nedderman, Mrs. Dr. A. B. Glasier and Mrs. Bertram Eddy.

In the next following car will be Miss Dressler, Mayor Davis, Crane Wilbur and Mrs. Edgar L. Ormsby, the latter representing the women's committee.

Besides Miss Dressler, those who will take part in tomorrow evening's

PRESIDENT and MRS. WILSON, showing the former's bandaged hand. President Wilson's first public appearance since he burned his left hand on the red hot exhaust pipe of the tank "Britannia" was at the funeral of Don Santiago Aldunate, minister from Chile. The picture was taken on that occasion. The president is accompanied by Mrs. Wilson, and behind them walk one of the president's military aides and a secret service man.

## FICKERT GIVEN HIS OPPORTUNITY, GOVERNOR TOLD

SAN FRANCISCO, April 30.—The President's mediation commission which recommended a new trial for Thomas J. Mooney, convicted on a murder charge, conferred for an hour with District Attorney Charles M. Fickert, and opportunity was extended to the prosecution to reply to briefs submitted by the defense to the commission, according to a letter to Governor William D. Stephens from Attorney George S. Arnold, which was made public here today.

KNOWS FACTS BECAUSE HE SERVED COMMISSION.  
William Denman, former chairman of the United States Shipping Board, in his letter to the governor, which was dated April 15, he explained that he was largely employed by the commission in securing documentary data with reference to their investigation and arranged the interviews.

Statements credited to District Attorney Fickert on publication of the commission's report, which recommended that a new trial be granted Mooney because of the haze of uncertainty surrounding the proceedings which ended with his conviction, were to the effect that the district attorney's office had been given no opportunity to appear before the commission and had not been able to present briefs in reply to those submitted by the defense.

Spell 'American' in Full on Mail for Over There  
WASHINGTON, April 30.—Mail addressed to members of the American expeditionary force in France should have the word "American" written or spelled in full, so that in the address the designation will read "American E. F." according to a request made today by the postoffice authorities. The new order is deemed necessary in order to distinguish American mail from that addressed to the expeditionary forces of other countries.

## BOY SLAYER OF FATHER IS STILL DEFIANT

Herbert Nelson, 13, School Boy Who Shot Parent in Heart, Declares He Will Kill Again Before Going to Reformatory

Lad Is Pronounced to Be De-cided Moron and His Case Is Puzzle to Authorities; Mother and Children Destitute

Police officers are puzzling today over the strange lesion in the brain of Herbert Nelson, 13-year-old school-boy, who last night shot and killed his father, Peter Nelson, a conductor, 45, at the family home, 2513 Twenty-fourth avenue, to prevent being taken to the reform school. Unremorseful over his deed, which has brought death and disaster to his family, he refused today his declaration that he will kill anyone who attempts to take him away.

"I knew if I shot father in the heart it would kill him," he says coolly. Then he adds by way of explanation: "But I never thought of shooting him before last night."

The shooting occurred at the gateway of the Nelson cottage as the elder Nelson and the boy were starting for the detention home. The boy had stolen money from his mother, so the police say, had run away from home and many times had been reported to the police as a "bad boy." Last night his father took him aside and had a conference with him. When he informed him that he was to be taken to the detention home and from there to the reform school as the two walked out the gate Nelson said:

"Go back and kiss your mother goodby!"

BOY DELIBERATELY KILLS HIS FATHER  
The boy turned and ran into the house. Instead of kissing his mother he went to a closet where a 12-gauge rifle was kept. He examined the magazine with shells. Then he strode to the door, and throwing the weapon to his shoulder, drew a careful and deliberate bead on his father. The father, who was looking at the boy, saw a word of warning he pulled the trigger. The father looked up in time to see the action but too late to avert it. He started toward the lad as the bullet struck, striking him through the heart, took a couple of steps and then crumpled down on his knees—dead.

The boy ran from the door, out of the gate and into the street. He wanted to get away and he ran desperately. But fate was against him. He went to a closet where a 12-gauge rifle was kept. He examined the magazine with shells. Then he strode to the door, and throwing the weapon to his shoulder, drew a careful and deliberate bead on his father. The father, who was looking at the boy, saw a word of warning he pulled the trigger. The father looked up in time to see the action but too late to avert it. He started toward the lad as the bullet struck, striking him through the heart, took a couple of steps and then crumpled down on his knees—dead.

SLAYER IS MORON AND PUZZLE TO POLICE  
Today Herbert Nelson, school boy, a moron, psychological puzzle, sits in a cell at the city prison, with a charge of patricide over his head, and a smile of supreme contempt for the world on his face. Police Inspector Richard V. McSorley, one of the old timers in the department, brands him as one of the most inexplicable boy criminals that has ever come under his notice. The authorities are puzzled over what disposition to make of him, being unwilling to charge a boy of that tender age with the crime of murder.

The mother and the children are left without any support in the world. There is little in the way of a reserve. Nelson's little family keeping his earnings as a traction conductor depleted. The neighbors are kind, but they are only neighbors, and there is no one to compensate for the loss of the head of the family. The condition of the family itself presents as grave a one to the authorities as does that of the strange, unnatural youth in the prison cell who brought all this disaster upon them.

Since being incarcerated in the city prison the boy has said little of the tragedy, keeping a reticent tongue in regard to the tragedy. Questioned, however, at length by police inspectors, he made the following statement of the shooting as it occurred:

"I am 13½ years of age and live with my parents and four sisters at

## NEW PEACE OFFER MADE BY AUSTRIA?

Emperor Charles Reported to Have Addressed Message to Italy; May Mean That the Huns Know Drive Has Failed

Washington Awaits With More Than Ordinary Interest News of Events in Austria, Where May 1 Strikes Threaten

BULLETIN.  
BY ASSOCIATED PRESS.  
STOCKHOLM, April 30.—The Catholic International Press Agency announced, a despatch from Basel says, that Emperor Charles of Austria is making a fresh peace offer, appealing to Italy to consider it in her own interests.

Although it has been predicted frequently that if the present German campaign should fail, a "peace offensive" would be inaugurated by the Central Powers, there has been no previous intimation that a new move of this nature was being made. Unless confirmatory advices are received through the usual channels of news from Switzerland, this despatch may be regarded as a surprise. Ordinary news from Switzerland is forwarded to this country by way of Paris.

ROME, April 30.—German anti-Slav propaganda is continuing, according to advices received here today.

During a mass meeting of Viennese Germans, Herr Patten said that the "compromise peace days are over." The meeting passed a resolution opposing any concessions to the Slavs and declaring against a union of the Slav region.

COPENHAGEN, April 30.—Serious riots have broken out at Cracow, in Austria-Hungary, due to lack of food, according to advices from Berlin today quoting the Vorwaerts. The despatch said that the disorders followed rumors that the Jews had stored large quantities of food. Several persons were killed in the fighting and many shops were looted.

Priests and officers attempted to calm the populace and finally order was restored. Shops were closed and the authorities issued orders that no one could be on the streets after 7 p. m.

Particularly in Austria, laborers, students, Slovaks and Czechs threatened to make May 1 a day to be remembered in the history of the war.

Amsterdam official cables declare demonstrations of growing intensity are proceeding at Prague and many students have been arrested, several on the evening of the 29th. The food situation in Austria threatens to cause a sympathetic demonstration on the part of the populace for any attempted uprising, the cables say.

Further official dispatches from Bern declare that a meeting of the Reichstag food committee has been held and the question of reducing Germany's bread ration discussed.

Uruguay Diplomat at Washington Dies  
WASHINGTON, April 30.—Uruguay Minister Carlos de Pena died in a hospital here today after a brief illness.

He was a pallbearer at the funeral of the former Minister of Agriculture, who died suddenly two weeks ago. De Pena became ill the same day.

Liberty Loan Total Shows Huge Increase  
WASHINGTON, April 30.—Intensive canvassing of the first week of the Liberty loan campaign was reflected today in the treasury's report of \$2,493,442,400 total subscriptions, an increase since last night's report of \$120,140,550. This increase covers only part of yesterday's business.

## Heaviest Losses Yet in One Day Are Suffered by Foe in Fruitless Smash

BRITISH HEADQUARTERS IN FRANCE, April 30, (via Ottawa).—The entente allied line has been advanced between La Cloye and Kemmel. The Franco-British forces also have made some progress south of that region.

The correspondents with the British army agree that the enemy yesterday suffered nothing less than a disastrous defeat. It was the first phase of the battle in his desperate attempt to capture the line of hills held by the allies, which endanger his possession of Mont Kemmel. The Germans have probably used thirteen divisions from the east of Ypres southward in line of battle, with two more northward, and the violence of the gunfire was never greater or more unceasing at any period of the war.

The successful allied defense made the day the bloodiest yet experienced by the enemy, as attack after attack was smashed by artillery and infantry fire. The Germans had already suffered heavily on Sunday, when their concentrations of troops were caught and shattered by gunfire. Their waves yesterday were mowed down and the British wings and French center neither bent or broke.

In front of the defending positions gray uniformed men lay in great numbers today, representing the awful price paid by the Germans in their attacks.

This morning the allied lines in Flanders were to all intents the same as when the Germans surged forward yesterday.

At one time yesterday the Germans appeared actually to have had some on the lower slopes of both Mont Rouge and the Scherpenberg after they had succeeded in driving a small wedge into the French lines between these two elevations.

THINGS LOOKED CRITICAL, but the entente command's tactical maneuvering and established virtually all the old positions.

The artillery was increasingly busy this morning from Vimy northward.

Thus far the German capture of Kemmel Hill has done them little good, for the entente allied artillery has kept the crest so smothered in shell fire that it has been impossible for the enemy to occupy it in force.

GERMANS REFUSED ON WHOLE FRONT  
LONDON, April 30.—The French now hold the entire village of Loere, west of Kemmel, says the official statement from the war office today.

During the night the British advanced their line east of Villers-Bretonneux on the front before Amiens.

In the vicinity of Loere, the French, by counter-attack yesterday afternoon and evening, drove the Germans from the remainder of the ground gained by him during the morning in the neighborhood of Loere and captured a number of prisoners. The whole village is in the hands of our allies.

"After the heavy repulse inflicted on the enemy yesterday night, the night passed comparatively quiet on the northern battle front."

"We advanced our line slightly during the night east of Villers-Bretonneux."

On the remainder of the British front there is nothing to report, beyond artillery activity on both sides in certain sectors."

ARTILLERY ACTIVE IN SECTOR OF AMIENS  
PARIS, April 30.—Heavy artillery fighting occurred last night north and south of the Avre in the sector of Noyon and along the Oise, the war office reports.

"The artillery battle was waged with considerable violence north and south of the Avre. In the sector of Noyon and on the south bank of the Oise, French patrols were active along all this front and brought back fifteen prisoners."

"On the right bank of the Meuse (Verdun front) and in upper Alsace German detachments were repulsed by our fire, leaving prisoners in our hands without obtaining results."

Make Belgians Work Under Shell Fire  
WASHINGTON, April 30.—An official despatch from Holland says that the Telegraaf publishes a letter sent by the Belgian legislators to the governor general protesting against the treatment of Belgians. Many of the population, some of them under 16 and others over 50 years of age, have been taken from their homes to the Flanders front or to the north of France to work while exposed to bombs and shell fire.

## ARTILLERY ATTACKS OF HINDENBURG COUNTERED

Big Guns of Huns Are Roaring From Ypres to Meteren in a Desperate Attempt to Take Nest of Hills Near Kemmel

### FURIOUS ONSLAUGHTS CHECKED BY DEFENDERS

British and French Continue to Inflict Heavy Losses On Enemy; Germans Halted in Attack on Flanders Front

By WILLIAM PHILIP SIMMS,  
United Press Staff Correspondent.  
WITH THE BRITISH ARMIES IN FLANDERS, April 30.—Hindenburg has had one of the worst days since the commencement of his offensive. After repeated onslaughts throughout yesterday and far into the night, the allied lines are intact, save between Monts Kemmel and Scherpenberg.

As this is cabled, it is doubtful if the Germans are holding the cross roads which they captured Monday, as a magnificent French counter-attack retook Loere and the Loere hospice, putting the enemy in a nasty pocket.

French-British troops advanced their line to Nut road in the valley between Monts Kemmel and Scherpenberg.

Attacks and counter-attacks are occurring with regularity in the hills and plains around Ypres.

The German artillery is roaring from Ypres to Meteren, but low-flying aviators have brought in reports that the attack is less furious than this morning, when wave after wave broke down.

The German high command ordered its men to take the nest of hills from Kemmel to Des Cats (a distance of five and a half miles, east to west) at all costs—like-wise Ypres. But as this is cabled neither the British nor the French have yielded ground, despite one of the most furious onslaughts of the war.

Monts Rouge and Noir (two miles west of Mont Kemmel) are well named. On their slopes the Germans lie thick, weltering in their own blood—a gruesome testimonial to French tenacity.

The French word "ouge" means red or bloody; "noir" means foul or horrible.

ENEMY DEFEATED BY BRITISH GUNS.  
Further north, around Voormezele (less than two miles south of Ypres) the British fields are full of terrible sights. Here British divisions caught the stormers with artillery and machine gun fire, decimating the enemy, who fought well and with courage. The farms here are strewn with casualties.

On the whole it has been a day of heavy losses for Crown Prince Rupprecht, without commensurate gain.

The German command wants these Flanders hills because they command the surrounding plains. The German politicians want Ypres because they have the absurd idea that its occupation will have a moral effect on the allies. Hindenburg is ready to sacrifice his legions for this double purpose.

There is reason to believe that additional Austrian howitzers are in action. Gas shells, high explosives and long-distance projectiles are raining on the front and back areas. The village of Ieper (two miles northwest of Meteren) is in flames.

BRITISH CASUALTIES LARGEST SINCE JANUARY.  
LONDON, April 30.—British casualty lists published during April showed 1653 officers killed, 4341 wounded and 2459 missing; 5189 men killed, 55,304 wounded and 814 missing.

The total of 53,300 casualties is the largest since January, when they were 74,038. The March casualties were 14,385 and the February casualties 19,492. It is believed that neither the March nor April casualty lists included the total resulting from the German drive.

The figure given, 814 men missing, is out of all proportion to the number of officers reported missing and may be an error in cable.

# RUSS PREPARE TO AGAIN WAR ON GERMANY

**BULLETIN.**  
STOCKHOLM, April 30.—The "counter revolution" in Petrograd has pronounced the Brest-Litovsk peace pact "unacceptable" and has demanded a new treaty by which Russia will remain under Russian rule, according to the Altonblatt, which declares it learned this from Finnish sources.

LONDON, April 30.—The Petrograd correspondent of the Daily News reports in an undated despatch that 350,000 unemployed persons are thronging the streets of the Russian capital.

By JOSEPH SHAPLEN,  
United Press Staff Correspondent.

PETROGRAD, April 30 (delayed).—Russia is preparing in a most serious manner to re-enter the war so far as possible under the present circumstances.

The pan-executive council at Moscow, on the eve of the receipt of the "forty-second ultimatum" from Germany, adopted War Commissaire Trotsky's plan of universal military training for all men from 16 to 40 and conscription of all workers and peasants. Those not belonging to these classes will be forced to train, but will not be taken into the army until necessary.

Old specialists in military apparatus and the best general officers have already been called into service and the elective committee systems in the army have been abolished, only the civil commissaries being retained.

**YIELD LARGE ARMY.**  
The new plan is expected to yield a large army within ten months.

The opposition charges that the Soviet government is aiming at its own preservation rather than the defense of Russia.

British, American and Japanese representatives attended the meeting. All parties agreed that Russia's slogan now is: "Return to the war as soon as possible."

# Says Fickert Had Opportunity Governor Hears of Interview

(Continued From Page 1)

Arnold writes, "there have been published statements purporting to come from the office of the district attorney of San Francisco, California, criticizing the course of procedure adopted by the commission in this investigation, and complaining that the district attorney's office had been given no opportunity to reply to certain letters filed with the commission by the defense."

The following from a morning paper is cited as "a typical example of these statements purporting to be issued in part from the office of the district attorney with you":

"In addition to answering some of the chief points made in the report of the President's commission, Fickert's criticism of the work of the commission is that it accepted without question the unsworn statement of the attorneys and sympathizers of the defense without consulting any one in authority in connection with the prosecution and without giving any consideration to the testimony of the prosecution's witnesses."

"I do not know how great weight you may give such statements," Arnold continues, "but it seems to me that it is my duty to inform you fully of the facts as I know them. My source of knowledge comes from the fact that I was largely employed by the commission in securing documentary data with reference to their investigation and arranged the interviews hereinafter subscribed. Please understand that I have no interest, either personal or professional, in the case of Mooney or the other defendants other than the general interest of every other citizen."

**ADVANCE DATA GOT PARTLY FROM FICKERT**  
You know that the commission had considerable information before they came to San Francisco concerning the history and general features of the bomb outrage cases, so far as this information could be derived from such documentary evidence as digests of the trial records of the several cases and particularly from the briefs which have been filed by both sides in the appealed cases.

"I know this to be so, because I prepared, secured and forwarded to them these data at the commission's request, after I had consulted with Mr. Ferrari of the district attorney's office, Mr. McNitt of the defense, and the attorney general, had informed them of my general purpose and had secured such documentary matter as I could find from them."

"After the commission arrived in San Francisco, at the urgent request of its secretary (Felix Frankfurter), I arranged for him an interview with Mr. Fickert and later with Mr. McNitt. The interview with Mr. Fickert, at which Mr. Ferrari was also present, took place in my office, 1020 Merchants Exchange building."

"It was not a casual, or five-minute interview, as I have seen it described, but a very considerable session, lasting possibly an hour, between men who quite obviously knew exactly what they were talking about."

**FICKERT INFORMED OF AIMS AND PROCEDURE**  
"Mr. Fickert was informed of the aims and procedure of the commission, of the course which it intended to pursue and the persons whom it would probably take into the confidential matter which it intended to review, and in general, of the policy which I know it subsequently adopted. It was clearly understood that there would be no formal meeting of the commission, that it was not the function of the commission to substitute itself for the jury, or for the Appellate or Supreme courts, but rather to determine whether conditions existed which would not be considered by the jury or made a part of the record, but which might give rise to a reasonable doubt of the correctness of the verdict, and in view of the international publicity given to the case, make it proper for the national government to confer with you as to the right action to be taken."

The procedure outlined, certainly seemed to be agreed to by Mr. Fickert as truly satisfactory, and, under the circumstances, an entirely correct method of dealing with the case."

"I have seen it stated in the press that Mr. Fickert suggested to Mr. Frankfurter that the latter see Judge Dunne, who presided at the Billings trial, and Captain Matheson of the police department. This is not true. The attitude of Judge Dunne and the testimony of Captain Matheson were discussed by Mr. Ferrari at considerable length, but there was no suggestion that either could add anything pertinent to the inquiry of the commission which could not be equally well presented by the district attorney, or was the any request that the commission interview either one of them."

**ALL SAID THAT EITHER SIDE CARED TO SAY**  
"At the conclusion of the interview between Messrs. Fickert, Ferrari and Frankfurter, it was quite obvious to me that each had said all that he wanted to say and I do not remember that there was any suggestion of a further interview. Certainly there was no effort on the part of the district attorney, so far as I am aware, to see any member of the commission after the interview in my office."

"Thereafter, again at the commission's request, an interview was arranged with the attorney general and some of his deputies. As you know, the attorney general's office had represented the State in these appealed cases. Through the attorney general's office, the commission was informed of the witness O'Connell should be considered in the Mooney case and his willingness to consent to a new trial in order that this might be done. His office had also been represented before the supreme court in an effort to secure a new trial for Mooney, so that the attorney general was thoroughly conversant with the case. This interview took place in the office of the attorney general and I know that the views of the attorney general were treated with the utmost respect by the commission."

"Again I was present at a long conference between the United States attorney (John W. Preston) and Mr. Frankfurter concerning these cases. How many other persons the secretary or other members of the commission interviewed I do not know, but at all of the conferences enumerated above, I was personally present. Therefore, statements which give the impression that the commission did not consult anyone in authority in connection with the prosecution are at least chimerous, since obviously the only persons in charge of the prosecution were the district attorney and the attorney general, both of whom were sought out and questioned with the greatest sincerity and earnestness. So much for the course of the commission's investigation."

**RECITES HISTORY OF STATE'S FAILURE TO SEND BRIEFS**  
"The press has also contained statements purporting to come from the district attorney that he was not given an opportunity to reply to the briefs filed by the defense by the commission. The facts in this regard are as follows:

"At the time the commission left San Francisco, Deputy District Attorney Louis Ferrari suggested to me that the district attorney should file a reply to the briefs or statements filed by the defense, and asked me to secure ten days' time for him to do so. I urged him most earnestly to prepare and file the briefs and readily secured the ten days' time requested."

"At the expiration of the ten days I was informed that the briefs were 'nearly prepared' and was asked if ten days more time could be secured. I stated at that time that the commission was still in the Northwest and I knew they would not return to Washington within ten days, but again urged the immediate preparation and filing of the briefs. I was assured that the briefs would be filed within the succeeding ten days."

"On the 13th of December my office (in my absence) was informed by the district attorney's office that the brief was ready for printing and a few days later, I was informed that the district attorney wired Mr. Frankfurter at about that time, but that the wire was not forwarded from Washington to Chicago, where Mr. Frankfurter then was."

**WEEKS ELAPSE BUT BRIEFS ARE WITHHELD**  
"However, many weeks later and two days before the commission's report was published, Mr. Ferrari telephoned me that he had collected considerable data, but that the briefs had not yet been wholly prepared, although it soon would be. I urged him to wire the commission and secure a further extension of time. Whether he did so or not I do not know, but the commission's report had by that time been rendered to the President and immediately thereafter was published."

"It must be obvious from the foregoing that the commission, after more than two months' delay, during which the district attorney's office had neglected to fulfill its promise, was certainly justified in assuming that Mr. Fickert had no bona fide intention of filing any reply to the briefs submitted by the defense. In any event, the commission had been abundantly given and the district attorney's office knew perfectly well

# OIL COMPANY IS ACCUSED BY GOVERNMENT

WASHINGTON, April 30.—A formal complaint charging illegal trade methods designed to stifle competition was issued against the Indiana Standard Oil Company by the Federal Trade Commission today.

The complaint alleges that it is attempting to stifle competition by refusing to sell and deliver its products in carload lots. Various other charges are also set forth in the complaint, including the allegation that the company sells its gasoline and kerosene products only to those dealers and agents who will deal in the other products of the company and who will refrain from handling the gasoline of any of the company's competitors.

Touching the Clayton act, the complaint charges that for several years past the Standard Oil Company of Indiana has discriminated in price between different purchasers of petroleum products and that the effect of this discrimination may substantially lessen competition or tend to create a monopoly.

It is set forth in the complaint that the company maintains a system in the contract and sale of its gasoline and kerosene products whereby these products are shipped from its refinery and to numerous depots called tank wagon stations. They are situated in various localities throughout Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Missouri, Kansas, North and South Dakota and Oklahoma.

From these tank wagon stations the products are delivered into the storage tanks of the company's customers by means of tank wagons operated by the company.

that the commission was anxious to consider the reply brief.

"If it is necessary or desirable I will be glad to put the contents of this letter in the form of an affidavit."

**PRESIDENT'S LETTER TO GOVERNOR ISSUED**  
There was made public in Washington yesterday the text of the letter sent under date of January 22 by President Wilson to Governor Stephens in reference to the Mooney case. Following is the letter:

"My Dear Governor Stephens: "Will you permit a suggestion from me in these troubled times, which perhaps justify what I should feel hardly justifiable in other circumstances?"

"The suggestion is this: Would it not be possible to postpone the execution of the sentence of Mooney until he can be tried upon one of the other indictments against him in order to give full weight and consideration to the important changes which I understand to have taken place in the evidence against him?"

"I urge this very respectfully, indeed, but earnestly, because the case has assumed international importance and I feel free to make the suggestion because I am sure that you are as anxious as any one can be to have no doubt or occasion of criticism of any sort attach itself to the case."

"With the very best wishes for the new year, cordially and sincerely yours,"  
(Signed) "WOODROW WILSON."

SEATTLE, April 30.—The May Day strike of 25,000 Seattle union workers scheduled for Wednesday as a protest against failure of Tom Mooney to obtain a new trial, has been called off here today.

# THINK YPRES WILL BE TAKEN AT GREAT COST

WASHINGTON, April 30.—Actually fighting with their backs to the wall, the British and French in Flanders are making a defense comparable to the bravest in history, army men here said today. That they will be able to halt the Boche before Ypres appeared to experts almost indubitable, but in any event he will get this vintage point only at the price of thousands of wasted lives.

Army men said that the Ypres struggle is one of the most serious crises of the war. It is using up so much man power that replacement of troops is a big problem.

This replacement is largely up to America, which is counted on, in the long run, to furnish a preponderance of forces which will overwhelm the enemy.

# BLOOD SELLER SAYS WINE GOT HIM IN STRAITS

Paul Kinney, arraigned before Judge Quinn today on a charge of violating probation, and who pleaded guilty, told Probation Officer Leonard Compton that he acquired the drink habit as the result of accepting the advice of a friend to drink lots of wine in order to recover the blood he sold to a physician for purposes of transfusion.

Kinney admitted that he made a business of selling his blood, receiving as much as \$10 a pint, sometimes more, from physicians who required it for the treatment of patients. In order to keep up the supply he took to drinking wine with iron in it and that got him into ways where misfortune overtook him. He was sentenced to San Quentin for an indeterminate period for burglary.

# Cold Weather Delays New Austrian Drive

WASHINGTON, April 30.—An unexpected return of cold weather in the mountain regions of Northern Italy will delay, in the opinion of Italian officials, the expected Austrian offensive. THE BEVERAGE

## An All-year-round Soft Drink for the Bluejackets

Our boys in the navy enjoy their Bevo. The esteem in which it is held by the entire Navy Department is clearly indicated by the fact that it is sold and served on all U. S. vessels and in training camps. Afloat or ashore, you will find Bevo unusually refreshing, good and healthful. Soft in the strictest sense, but a thoroughgoing man's drink. Try it by itself, or with a bite to eat. Served everywhere—families supplied by grocer.

## POLICE ARREST DUAL MURDER SUSPECTS IN S.F.

SAN FRANCISCO, April 30.—With the arrest here of John Sullivan, alias Solomon, the police today believe they have in custody the man responsible for a murderous attack upon Stanley Dixon, 17-year-old son of a merchant of 733 North Main street, Los Angeles. Young Dixon came here on a steamer from Los Angeles and met a man with whom he took lodgings at a local hotel. On October 30, while in Golden Gate Park on a sight-seeing trip, the stranger stabbed Dixon in the throat, causing injuries which might well have had fatal results.

Less than a month later, on Thanksgiving day, two men, Timothy Grace and Albert Purtell, were mysteriously murdered in a Howard street hotel. The police have all along acted on the theory that the same man who attacked Dixon committed the double murder, as there was a certain similarity in the methods used.

### To Serve Six Months Because of Assault

Ferdinand Allen was given a sentence of six months in the county jail by Judge James G. Quinn, following his conviction by a jury of having assaulted Joseph Silveria following a general fight in the camp where the parties were staying near Livermore. The fight resulted from Allen's jealousy of his wife, a 300-pound Indian woman, who danced with "Freddie" Perry, a diminutive motion picture actor.

### Called Bond Salesmen a "Pack of Bums"

After apologizing for remarks he made to salesmen of Liberty bonds, A. Willard, a notary public of 490 Tenth street, was released by an agent of the department of justice at the Central police station last night. When the "pick-handle squad" of the bond committee visited Willard he is said to have called them "a pack of bums."

## INDIGENT ENEMY ALIENS WILL BE TAKEN CARE OF

WASHINGTON, April 30.—Relief work among indigent enemy aliens will be directed by the legations of Switzerland and Sweden, representing respectively German and Austro-Hungarian interests, according to Secretary Lansing's announcement published here today. The work will be done with the co-operation and approval of the American Government.

Needy families of interned aliens will be given relief direct from the legation funds, while law abiding enemy aliens who have suffered because of their status will be cared for by a national committee of Americans, co-operating with the legations and their consular officers.

## DUTCH HAVE NOT YIELDED TO HUNS

AMSTERDAM, April 30.—Germany demands from Holland, says the Vossische Zeitung, of Berlin, the right to send war material over the Limbourg railway at Antwerp, the right to send foodstuffs for shipment from Antwerp and the renewal of treaties relating to the importation of sand and gravel.

"As Holland," the newspaper adds, "recently yielded to Anglo-American pressure, she must grant these conditions to redress the balance."

From the above dispatch it is apparent that Holland and Germany have not yet reached an agreement concerning transport through Holland. A dispatch from The Hague to the London Daily Mail, Monday, reported that Holland had yielded to Germany's demands concerning transport and the supply of sand and gravel. It was added that it was understood that the amount of sand and gravel would be limited and would be for non-military purposes only. There has been no official confirmation of the reported agreement.

WRIT IS DENIED. Judge James G. Quinn has denied the writ of habeas corpus sued for by Harry Roberts, arrested on charges of white slavery, and Roberts must stand trial. The defendant is charged with having induced Mrs. Lucille B. Sargeant to desert her husband in Los Angeles and come to Oakland.

## STEPHENS PLANS SAN JOSE MOVES

Plans have been made by the Governor Stephens forces to organize in San Jose and the first meeting to this effect will be held Friday night.

Present arrangements call for State Senator Herbert Jones, prominent in Progressive circles to act as chairman of the meeting. George Walker, one time state senator and now state building and loan commissioner, is on the list as actively interested in the success of the meeting. Reports from San Jose indicate that Hayes is not idle, however, and as an indication of the support that he hopes to receive from San Jose and Santa Clara county he has announced the following names as of those who will serve on his campaign committee:

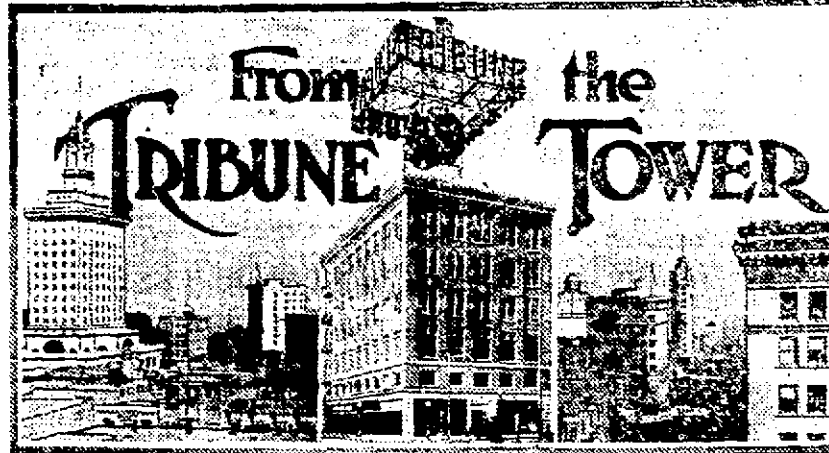

Henry M. Ayer, chairman of the Santa Clara Board of Supervisors, chairman; Mrs. W. L. Woodrow, Mrs. J. E. Hancock, Mrs. Carrie B. Irish, Mrs. Catherine Ryan of Gilroy, Mrs. J. C. Morrison, Santa Clara; Mrs. Frederick G. Sanborn, Los Altos; Mrs. Douglas Sim, Mrs. J. D. Hahon, Cupertino; Robert R. Syer, secretary; Merchants' Association; Joseph M. Parker, president Chamber of Commerce; Councilman E. E. Chase; J. Bradley Clayton, real estate; District Attorney Arthur M. Free, Lester S. Allen, orchardist; Henry Hoff, merchant; George Prindiville, agent; Thomas W. Chisholm, contractor; E. A. Smith, millman; John Craig, printer; E. Richmond, fish packer; Charles R. Parkinson, president Rotary Club; Everett B. Brent, painter; Rev. James W. Kramer, E. A. Mansfield, merchant; James Beatty, theatrical manager; Supervisor A. L. Hubbard; Frank J. O'Connell, merchant; A. B. Canelo, merchant; Milton Sale, grocer; William Curry, brother of Congressman Charles Curry; J. S. Williams, merchant; Dr. F. W. Knowles, Los Gatos; Attorney Arthur W. Brown of Gilroy; Freeman L. Howes, farmer, of San Martin; K. T. Evans, merchant, of Palo Alto; G. L. Downing, farmer, of Milpitas; N. L. ## Clerks Sell Tickets for Red Cross Show

Oakland's drygoods clerks are "doing their bit" for the Red Cross, by selling tickets to a theater party, the proceeds of which are to go to the Oakland Chapter of the Red Cross. The affair to take place May 6. The party is under the auspices of Kahn Brothers Employees' Mutual Benefit Association, and the Orpheum will be the scene of the affair. Special "stunts" are being arranged by the committee in charge, working with Manager Harry Cornell, and on account of the aims of the party the government has waived the war tax on the tickets sold by the clerks. Tickets may be obtained from any employee of Kahn's, member of the committee, or at the theater.

## VAN HORN GETS COMMISSION.

Edward B. Van Horn, son of Rev. F. J. Van Horn of this city, has received a commission at Camp Lee, Virginia. He is now second lieutenant of engineers. Van Horn enlisted in the regular army at the beginning of the war. He is a graduate of the University of Washington and lived at 1551 Madison street, this city.

Have you seen Milo? Not Venus de, but Probst de?

Milo is a tramp canine that adopted the meat market of E. J. Probst, Alameda city councilman, on Webster street, and about ten other places, as his home.

Milo walked in one morning from nowhere, picked out a comfortable spot and helped himself to breakfast. He lunched next door. His dinner he took further down the block. By morning he had run the gamut and was back at Probst's place for breakfast again. Probst grew interested. A four-legged "blanket-stiff" was a new one on him. So did the others.

They all clubbed in and got Milo a license. He is a real Socialist dog—a community possession. He thinks he owns the whole district. Yesterday he picked out the car tracks for a nap. The S. P. electric hove in sight and with much tooting of whistle and ringing of bell sought to elude Milo. But Milo saw it otherwise. He raised his head long enough to nod at the motor-car and then he went back to sleep again.

Probst rushed out and rescued him. Now he sleeps in a soap-box trundle in his little hair shirt. (Milo—not Probst).

WASN'T THE GIRL CORRECT, AT THAT?

They say education educates! Morris Cox, deputy superintendent of schools, tried a few questions at one of the grammar schools, in room No. 5.

"What do you call an animal with four legs?"

"Quadruped!" (Loud chorus.)

"And one with two legs?"

"Biped!" (Weaker.)

"Now, here is a hard one. What do you call a zebra?"

"A striped!" (Lone girl—very cocksure.)

YES, HE WAS SHOT. BUT BY THE DOCTORS

The first lieutenant stopped the corporal of the colored regiment.

"What became of that man Johnson that used to be camp cook?"

"Dey done put him in de yard house foah treason, suh! Dey give him two weeks dere."

"Huh he's lucky he got two weeks for that."

"Yassuh, yassuh, dats what A said mahself. Dey done cook him out and shot him at de end of de two weeks, and now he's got 'em and he wouldn't of had 'em if dey had shot him right away."

YOU CAN'T BE TOO CAREFUL IN POLITICS

"Bill" Kyle, son of Erin and Oakland detective, believes that when one is running for office he can't be too careful who he offends or interferes with. He's

applying this as the first rule in practical politics—for he's out for office right now.

A few nights ago a rumor arrived at police headquarters that a gang of shipbuilders had found a German flag in a saloon and were preparing to paint the place red, white and blue. Kyle was in charge of the inspector's bureau at the time.

"Will you interfere?" he was asked.

"Man," said Kyle, "I'm a candidate for the office of chief of police of Berlin after the war. Dick McSorley is to be captain of inspectors as soon as we hoist the American flag there. And we politicians must look after our own interests. I'll be right here, all night, electioneering—not hanging around any saloons. Yezza!"

SURE ENOUGH, THERE "AIN'T NO SUCH BRIDGE"

A stenographer in the office of County Clerk George E. Gross has solved the riddle of how to spell the bridge that the government is maybe going to let us build across the estuary. This is the way she got round it without asking any questions, and it is admittedly clever. She spelled it "bastile," which is good enough.

And that it suits most people is attested by the fact that the voucher in which the spelling occurred was O. K'd by a class of authorities on the subject.

The genius for expedition, whoever she is, prepared a voucher for payment for an account for advertising for the bridge. In it she simplified the problem, and the voucher was passed along, read by Clerk J. C. Holland of the Board of Supervisors, passed by the board, signed by Charley Heyer and J. B. Mullens, certified by Clerk Holland, approved by L. G. Parker and handed over to Chief Deputy Eddie Planer in the office of Treasurer M. J. Kelly, who held up payment because there ain't no such bridge.

Writers' Club to Give Syrian Benefit

Dorothy Churchill Hess, noted soprano, who recently arrived here from the East, is to be the feature of the big War Benefit of the California Writers' Club, to be held at the Municipal Auditorium on the evening of May 3. It was announced today by the committee in charge. Mrs. Marion Holmes Nash, well-known local singer, will be another feature of the affair.

"No. 100" String Quartet will play. The affair will aid the Armenian-Syrian relief fund, and one of its unique features will be the rendition of Armenian songs by J. Azakian, an Armenian singer, who has lately been appearing in his native folk-songs in this country.

## Union Iron Works to Build Another Plant

SAN FRANCISCO, April 30.—General Manager J. J. Tynan of the Union Iron Works has confirmed the report that his company will build a third great ship-building plant at Hunter's Point, to cost \$2,000,000 and be completed within five months.

The report of the big development was given out in the board of supervisors by supervisor Richard Welch, who said that Tynan had been negotiating with the street committee regarding the plans. Tynan said that the new yard will be building ships within five months, employing at the beginning 3000 men. The new yard will be near the great dry-docks recently constructed, in which respect it will have an advantage over the other yards of the company. Tynan announced that the necessary money for the construction has been appropriated by the Bethlehem Steel Company.

## SAN LEANDRO CHERRY FETE STIRS STRIFE

SAN LEANDRO, April 30.—Harmony between the San Leandro chapter of the Red Cross and the newly formed Patriotic League of this city may be disrupted by differences between the two bodies over the proposed functions of the league and because the league has failed to carry out plans to hold a cherry carnival at the Red Cross benefit. When the league declared it would hold a carnival, Mrs. E. F. Mason said the women of the Red Cross would go ahead and hold one, and that she would carry through a carnival herself if need be.

When the league discussed the advisability of holding out the city and assessing each taxpayer for war work contributions in proportion to the taxes paid, the same as is done in Columbus, O., the San Leandro Red Cross chapter protested that such a step would encroach on the work of the Red Cross. Red Cross members contended that neither the league or any other organization had any right to decide how funds should be raised for Red Cross work.

**GIVEN ADVICE.**  
Mrs. B. F. Mason, president of the chapter, wrote to John L. Clymer of the Pacific Coast division of the Red Cross, asking his advice in the matter. Clymer replied that the Red Cross was not responsible to any other organization for the raising of its funds.

Members of the league will give their views on the question at a meeting in the City Hall, Thursday evening.

"We have not decided on definite action in any direction," said W. W. Shubaw, temporary chairman of the Patriotic League. "We are undecided as to whether the league will be a branch of some war service organization as the Oakland War Service League or will be a separate organization."

"It is true that the league will not hold a cherry carnival this year, but I have heard no criticism on that account," continued Shubaw. "We will probably arrange for a cherry day sometime in May, when visitors will be entertained and cherries will be sold for the benefit of the Red Cross."

**"NO CARNIVAL."**

"This entertainment and cherry sale may be held on two days, probably Saturday and Sunday night, but there will be no attempt at a carnival. Suggestions that a harvest festival be held in autumn as a war fund benefit are being favorably considered and it is likely that the plans will carry."

"The Red Cross will probably go ahead with the cherry sale, but the new men have decided not to hold one," said Mrs. B. F. Mason. "The women will be able to manage a carnival themselves. We will go to as little expense as possible and Hooverize all we can. When I left it to the Patriotic League to arrange for a carnival I certainly thought they would go ahead and hold one."

**CATCHY MUSIC IN  
VICTOR RECORDS**

Victorious springtime! The conqueror of frost and snow; the freer of captive streams, the mellow of hard brown earth; the reviver of joyous bird melodies and the awakener of all nature to a new life of freedom and happiness and song!

No wonder that Martinielli has felt inspired to interpret on a new Victrola record a song of love's ecstasy at a time so typical of youthful exultation.

"O bon ton, Amor!" "It is a delightful little Italian song by a composer who has dedicated his work to the gifted singer. It has a smooth-flowing melody which is sung to a murmuring accompaniment of strings."

Martinielli has the gift of rapture. He has a heart of joy that overflows in golden music, and with this song he has the power to awaken in the hearts of his auditors the responsive echoes of life's springtime.

"Each Little Bit is a Thought of You, Dear," is one of those sentimental songs inspired by the war, which Henry Burr sings on a new Victor record. It is a touching picture of a tired but loving little mother, gray-haired and with hands worn with toil, knitting woolen socks and comforts for her boy in France.

On the other side "A Little Bit of Sunshine" is presented by Charles Hart with the Shannon Four—a reminder that there's pen and paper, and cigarettes and candy, and nothing to prevent you from sending a letter to France that will cheer some fellow on his way.

A cure for a common malady that none of us escape at times will fix you up when you put a new Victor record on the Victrola and begin to play "Everybody's Crazy 'Bout the Dog-gone Blues, But I'm Happy."

Other new Victor records include "The Land of Tamo Tamo," "If You Look in Her Eyes," "Blue Bird," "The Last Long Mile," "Roses of Picardy," "Love's Garden of Roses," "Send Me a Curl," "An Abroad for Home, Sweet Home," "My Old Kentucky Home," "Shine On," "Old Black Joe," "Kingdom Coming," "Long Boy," "Indiana," "Sweet Tonalita," "My Gal," "While the Incense Is Burning," "Dear Me, Ye Winds and Waves."

**Welcome Members  
Tonight at Y. M. C. A.**

A varied program of military stunts of unusual merit will be presented tonight at the Oakland Y. M. C. A., Twenty-first street and Telegraph avenue, in honor of the new members who were received during the recent spring membership offensive.

The program calls for registration and enlistment at 7:30, the Battle of the Marne at 8:30; mess call at 9:50, and taps at 10:30. In addition to this, Dick Gleason will render comic songs. There will be snappy speeches, music by Welch's orchestra, movies, games, stunts and group singing. All privileges of the association, together with the entertainment, will be free to members, guests and friends of the association.

**S. F. Woman Attempts  
Suicide at Sausalito**

SAN FRANCISCO, April 30.—An attempt to commit suicide at Sausalito by Mrs. Edward Depp, 345 Tenth avenue, this city, was frustrated at an early hour this morning by Police Officer Ashcroft. The woman, who has been nervous and ill, went to Sausalito yesterday to visit friends. Shortly after midnight she left the house and jumped from the ferry landing. She was brought home today by her husband.

**TO HOLD MEETING.**  
The Oakland War Service League will hold a meeting in the Cole school auditorium on Thursday evening. Lin S. Church will address the meeting. There will be dancing.

## Clever Children to Welcome Spring in Santa Fe Carnival

LITTLE CLAUDINE HORTMAN as Spring, KATHRINE GORDAN as Cupid and group of children who are to take part in the Maypole Dance at Idora Park tomorrow as a special feature of the May Day Festival arranged by the Santa Fe Improvement Association for the benefit of the Ladies' Knitting Circle who are sewing for the Red Cross.

Twenty little girls impersonating wood nymphs, flowers, fairies, cupid and other allegorical figures will form an attractive feature of the Santa Fe Improvement Association's May Day festival at Idora Park tomorrow afternoon and evening.

The children, under the direction of Mrs. Maude Humes, will present a Maypole dance and welcome Spring in a charming fantasy of dancing and song. Two of the cleverest children in the group are Kathrine Gordan, who takes the part of Cupid and little Claudine Hortman, who represents Spring.

Berkeley schools are to be dismissed an hour earlier than usual to permit the children to attend the festival.

Proceeds will be turned over to the Ladies' Knitting Circle of the Santa Fe Association, who are knitting socks, making pajamas and preparing other warm clothing for Uncle Sam's men in khaki.

In the evening a vaudeville program will be presented in the amphitheater. At this performance Robert Robertson will make his farewell appearance as he leaves on May 3 for France in the interest of the Y. M. C. A. overseas war works as an entertainer. Robertson will sing Scotch songs and offer a monologue and dance Scotch dances.

## PANTAGES HAS COMEDY BILL

Vaudeville that is entirely away from the ordinary mirrors the bill at Pantages this week. The feature act, "Lacatan," is a bright musical comedy tiddled with the star role assisted by Harry Lee, a sure laugh-getter, and Vitaro Tr. e, a pretty soloist. Some splendid scenery and a pretty chorus of well-gowned girls round out the act.

Can you picture Chinamen in kimonos doing a Scot act and doing it well? This is one of the novelties in the act offered by the Chung Hwa Four, a quartet of Chinamen who sing American melodies in an appropriate way.

Martha Russell and Andy Byrne show the two sides of stage life. They take you into their dressing room quarters and onto the stage where a couple who were a minute ago calling each other names are now making love. They also take you into the dressing room when the actress sees a sort of the death of her mother and she shows you how

## SAYS TRIBUNES REACH FRANCE BEFORE MAILS

OAKLAND TRIBUNE: The TRIBUNE deserves great credit, or at least those who have charge of it, for getting the same for it reaches its long before first-class mail of the same date—sometimes two to three weeks ahead of mail. It's the only Oakland paper I have seen in France, and it is as welcome as the postmaster, so keep up the good work.

The Knights of Columbus, who deserve great credit for the work they are doing here for the young men, though very little credit is given them by the newspapers. Everything is given the boys here free by the Knights of Columbus, so much luck to the Oakland TRIBUNE and Knights of Columbus.

## TO PICK BATHING GIRLS AT T. & D.

Oakland and Alameda girls attention! Those of you who have claims on pulchritude and shapeliness can win fame against California's prettiest bathing girls.

Here's the plan: Beginning Monday, May 6, at the T. & D. Auditor, Oakland and Alameda girls will be selected from audiences to pose in bathing costumes in an elimination contest to select 50 nymphs to compete against southern California girls at Neptune Beach on June 13. The event will be known as Neptune Beach's Northern California Annual Bathing Girl Revue, but the real purpose is to find the best bathing girls from the southland can send, and the girls who are selected will receive none other than Mack Bennett's famous bathing stars and winners of last year's Venice trophy.

Neptune Beach and the T. & D. management are collaborating to make this contest worthy of Oakland and Alameda.

**LEET CHOSEN  
PRESIDENT OF  
SOCIAL UNION**

R. A. Leet, formerly president of the municipal woodyard commission and for many years prominent in social and civic work, was last night elected president of the Union of Social Agencies at the banquet held by the organization at the Hotel Oakland. He succeeds Dr. George C. Pardee, former governor of California.

Prominent speakers addressed the gathering, the subjects ranging from social insurance to women in industry during the war and the grave need of nurses for war work. Following the election of officers, President Leet acted as chairman of the evening. The officers chosen for the coming year are as follows:

President, R. A. Leet; vice-presidents,

Dr. George C. Pardee, Rev. Edward Lamb  
Pausons of Berkeley and A. S. Laven-  
son; secretary Dr. J. Camp Dean; treas-

Robert Hunter, author of "Poverty" and other books on sociology and economics, told of the development of the system of social insurance in Germany, old age pensions, insurance for illness, insurance against being out of employment.

"Since then I have realized that the rulers of Germany were working along these apparent humanitarian lines because it made it possible for them to build up so much more perfect a piece of machinery with which to dominate other nations."

Hunter advocated social insurance in this country both for humanitarian reasons and for those of wise economy, and

A short talk was made by Judge William Beasley of San Jose, new head of the State Conference of Social Agencies. Dr. Phillip Kling Brown told of the need of 35,000 nurses as the quota of the United States to the war during the coming year in handling the wounded and the sick. He advocated shorter and more

Captain Thomas J. Orbison, M. R. C., gave a resume of the mental tests which are being used in the army to ascertain the fitness of drafted men, told of the experimental stage through which this work has gone, and of the splendid results now being attained.

Miss Mary McDowell, of the advisory committee of the National Council of Defense, spoke of the work of women in the war, of the manner in which the attempt of certain employers to use women as cheap labor in place of men as an alleged war measure had been frustrated.

Miss Annie Florence Brown explained the purpose of the Union of Social Agencies, and urged that a membership drive

## Stomach Trouble Cured

Oakland, Oct. 2, '17.  
My stomach was my master for many years. I am a clerk in the office of the lumber de-

partment of the S.  
P. Co. and after  
every meal I  
had an annoying,  
grating sensation,  
together with an  
empty feeling in  
my stomach.  
Through lack of  
nourishment my  
health was

Wm. A. De Mooy broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.

Then a fellow employee who had re-

ceived a great benefit by drinking the FONG WAN CHINESE HERBS' suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

# CHINESE SHOW LOYALTY; BUY LIBERTY BONDS

Oakland's Chinese are said to be demonstrating their loyalty to the United States and the Star-Spangled Banner through generous subscriptions for Liberty bonds, the amount subscribed to date being reported as \$10,200.

Much of the effective work which has been done in Chinatown by the Chinese division of the Liberty loan committee has been due to co-operation which has been furnished the committee through Chief of Police J. H. Nedderman in the persons of Police Corporal Tom O'Neil, Patrolman W. Trotter, Corporal E. W. Brock and Patrolman Fred Schuler, who are well known and respected by the Chinese of the city. The solicitation of Chinatown has been under the supervision of Harry C. Schroeder and A. E. Kinney.

During the first week of the present Liberty loan campaign it was reported to the committee that pro-German propaganda had temporarily halted the solicitation in behalf of the Liberty loan and the third issue of the propaganda finding expression in the circulation of tales of unjust treatment of the Chinese by the government.

**PROBE IS STARTED.**  
Immediate investigation was started by the committee, and with the details of these stories, the matter was laid before John W. Preston, United States district attorney, who, after a thorough investigation of the case, wrote the following letter to the Oakland committee:

"It has come to the attention of this office that stories and rumors have been given wide circulation in Oakland that certain laws are being promulgated by the department of labor to the effect that the Chinese are being unjustly discriminated against and that they will not be given a fair hearing in matters concerning them which may hereafter come before any branch of the government in an official manner.

"It has been and now is the intention of this government to deal justly with the Chinese of this city and people, and these stories are without any foundation of fact whatever, and there is no reason why any law-abiding Chinese should worry for one minute about this matter. This office will immediately make a full investigation of this matter and vigorously prosecute any person who is guilty of circulating these unjust and uncalled-for rumors. Respectfully,

(Signed) JOHN W. PRESTON,  
United States Attorney."

**VISITS AT HOME.**

Sergeant Albert L. Hinds of Headquarters Company, 363d Regiment, Camp Lewis, is at home on a visit with his parents, Mr. and Mrs. C. G. Hinds of 517 Fifty-third street. Sergeant Hinds was one of the first quota sent to Camp Lewis from Oakland last September and returns home as a cadet officer, having been among the successful candidates recently graduated from the officers' training camp at Camp Lewis. He is accompanied by his bride, formerly Miss Ethel Eason of Plymouth, Cal. Sergeant Hinds was formerly connected with the Pacific Gas and Electric Company of Oakland and more recently with the Western Pacific Railroad.

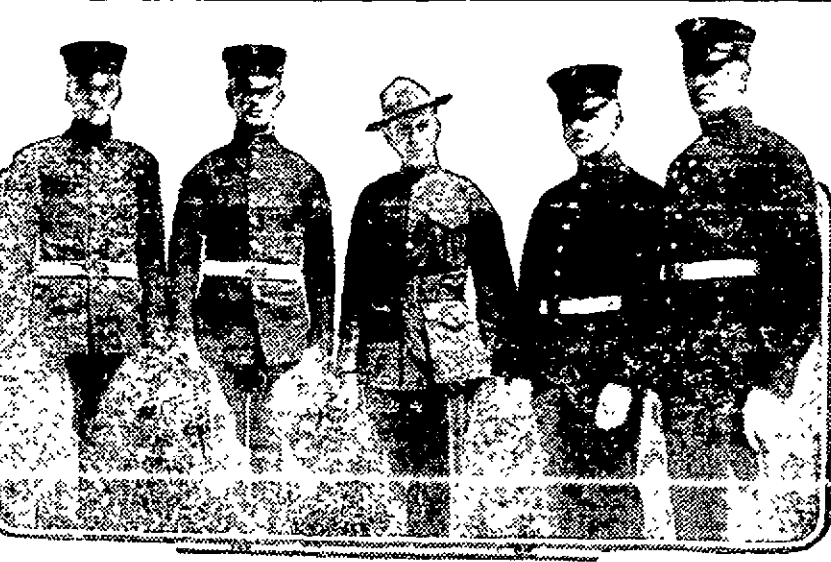

**TO INITIATE.**

L. O. M. U. No. 5088, Loyal Manchester lodge, will hold a big joint initiation and smoker on May 3. Twenty-one candidates will take their first degree. A. Muller will take charge of the musical program. A banquet will be served after the meeting which will be also a home-coming for the new lodge. The meeting will be held at the new hall at Twenty-second street and Telegraph avenue. All L. O. M. U. members visiting Oakland are invited to attend.

## "Unbeliever" to Fill Out Week at American Theater

These four men in the familiar uniform of the U. S. Marines are singing at the American Theater at the performances of "The Unbeliever."

## Marine Band From the Island Will Play at Presentation of Film Wednesday

Tears, cheers and applause have been the rule at the American theater ever since "The Unbeliever" started its engagement a week ago and the management of the theater, responding to the insistent demands of the patriotic loving people of Oakland and vicinity, has decided to extend the engagement further—that is, for the balance of the week.

The real worth of "The Unbeliever" as a patriotic stimulant is being felt throughout the country and Oakland is in line with all the other cities of any prominence playing "The Unbeliever."

## CHAUTAUQUA OPENS SESSION TOMORROW

With four heroes among its list of speakers and an extensive program of patriotic, educational and instructive features, the Oakland Chautauqua begins a week's session in this city tomorrow. A large attendance from all parts of the bay district is expected at the various sessions, which will occupy both day and evening periods.

This is the first time the Chautauqua has come to Oakland. The net profits of the event will be turned over to the Boy Scouts through the generosity of local business and professional men who made it possible for the Chautauqua to present its program in this city.

The Ladies' Regimental Orchestra, comprising ten talented young ladies and presenting a patriotic concert, singing, readings and solos will open the Chautauqua tomorrow afternoon in the tent on the auditorium grounds. In the evening the orchestra will be supplemented by John B. Ratto, noted impersonator—the man who makes Lincoln, Grant and others live again in figure and speech. Ratto also gives characterizations of living great men like Peter of Servia, President Polk, of France and President Wilson.

In addition to the cast in "The Climax," the Broadway comedy-drama success, participants in the Oakland Chautauqua include Captain David C. Fallon, soldier-orator, fresh from European battlefields, war editor of the New York Herald; Lieutenant E. H. Lougher of the American Red Cross mission to France; Major Marr and his trench singers; Harriet Bird Warren, Red Cross front line nurse; Chimer's famous band; Mimi, Helen, Cafarella, Italian prima donna; Margaret Owens, American songbird; Gladys Yves Brainard, pianist; Eve Anderson & Co., entertainers; the Premier Artists; Dr. Ira Landrith, platform orator; Thurlew S. Leuance, composer of Indian music; Alton Packard, cartoonist, and Reno, the magician.

**BUYS SHEEP.**

WASHINGTON, April 30.—Sheep will be grazing on the White House lawn within a few days. President Wilson today purchased twelve thoroughbred Shropshires.

## ORPHEUM CROWDS MARVEL AT LA MAR

"Leona La Mar told me things no one in the world knew but myself." This is the general chorus as the crowd file out of the Oakland Orpheum, after witnessing the astounding demonstration of the almost supernatural ability of Leona La Mar, the "Girl with 1000 Eyes." For Miss La Mar looks into the secret thoughts of those in the audience and reads them as one would a book. She casts her mind to anyone knowing the answer to any question propounded; a soldier across the ocean, perhaps, a thief, a missing relative. And, unerringly, she casts a light on every question asked.

That Oakland may have every opportunity to see the greatest good from her wonderful mental powers, Miss La Mar plans several unique features for the week. Tomorrow she will hold a reception on the Orpheum stage after the matinee when anyone may meet her personally and consult her.

Thursday matinee will be for sealed letter tests. Any one may write a question, at home, and bring it to the theater, never letting it leave his or her hand. But Miss La Mar will answer it just the same, and read it word for word, giving full information. Friday matinee will be for ladies only, when she will answer whatever questions the women of Oakland wish to ask secretly.

A big vaudeville bill is also featured at the Orpheum, including Gwen Lewis, Yates and Reed, Burley and Burley, and the famous satire, "Exemption." Next week come the Greater Morgan Dancers, celebrated stars, who have astounded the world, and who originally were California girls.

## Oakland Police to Don Khaki Uniforms

Khaki uniforms will be donned by the police department tomorrow, under orders issued today by Chief of Police Nedderman. The semi-annual review of the department will be held Sunday afternoon at 2 o'clock in Lakeside park. The uniformed ranks will review before Commissioner F. F. Jackson, Chief of Police Nedderman and Mayor Davis.

## Earth Tremors Still Felt at San Jacinto

SAN JACINTO, Cal., April 30.—An earthquake shock of moderate severity shook the town last night, the eighth successive day of tremors since the disastrous ones which destroyed property valued at nearly a quarter of a million.

No damage was done by the shock, which occurred at 7:20 p. m., but the recurrence of the earth tremblings caused some people to continue their outdoors sleeping.

Wrecking and salvaging were nearly completed today, and it was expected the actual rebuilding of the business district would begin soon.

## Cafe Is Accused of Selling Beer to Lads

Chief of Police Nedderman has started an investigation into the circumstances of the alleged procuring of liquor by two youths under age in the Tavern Cafe conducted by Tim McDermott, 297 Broadway. McDermott will be cited to show cause why his license should not be revoked.

Edwin Edemalar, 20, of 2415 Grant street, Berkeley, and Edward Pohn, 19, of 1718 Blake street, Berkeley, were arrested in the cafe last night by Corporal P. W. Brock and Patrolman Berner. The time they were taken into custody the boys had glasses of beer in front of them, the police say.

## Women Find Clear Skin In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.

But women who know themselves have learned that headache, remedies and beautifiers only cover the trouble but do not dislodge it.

What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.

It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.

A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.

The druggist will refund your money if it fails to do as promised.

NO INCREASE  
In spite of enormous increased laboratory costs due to the war the manufacturers of Dr. Caldwell's Syrup Pepsin are securing their profits and absorbing the war taxes, so that this infallible laxative may remain at the low price of 10c and 25c a large bottle. So sold by druggists for 26 years.

FREE SAMPLES—Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in America. If you have never used it, send your address and a trial bottle to Dr. W. B. Caldwell, 466 Washington St., Monticello, Ill. If you have babies in the family send for a copy of "The Care of the Baby."

## Two Famous IVOR Preparations By Prof. Austin

The Famous IVOR Freckle Cream—45c

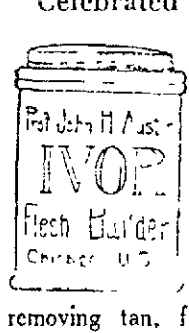

—Makes a dark skin lighter, clearer, purer. Removes unsightly facial blemishes and cures a new skin.

—Tan, freckles, moth and liver patches, pimples, muddiness and all skin discolorations are banished in the only practical way known to dermatologists.

—Removes the discolored cuticle in small, unnoticeable particles and promotes a growth of new skin as clear, velvety and beautiful as that of youth. It is different from any and every other face preparation. It is a medicinal luxury for the toilet. Will not grow hair on the face and is perfectly harmless—45c.

Celebrated IVOR Flesh Builder—65c

—A preparation that will assist in rounding out hollowed or thin cheeks, plumping the neck and shoulders with firm, healthy flesh, and removing wrinkles from the face and hands.

—It is not a face powder, cream, cosmetic or bleach and it will not grow hair. It is a natural beauty-maker for removing tan, freckles, pimples, blackheads, sunburn, roughness and skin imperfections, 65c.

## Three Smashing Liberty Loan Meetings

**N**OW comes the grand finale that will put Oakland well "over the top" in its Third Liberty Loan Drive. We have had Men's Week, Women's Week, Business Men's Week, Boy Scout Week, a Bill Hart Mass Meeting, a Ministerial Mass Meeting, a Wonderful Festival of Song, a Huge Liberty Loan Parade and other mass meetings and speaking tours too numerous to mention.

**A**ND "over the top" we go. Oakland, the great industrial empire of the West, announces her grand finale to the Third Liberty Loan Drive in three huge special attractions. It will be a smashing climax---a climax that will see Oakland's quota over-subscribed. A fitting token of love and honor to our boys; a fitting answer to the self-appointed Lord of the Earth---Kaiser Wilhelm of Germany.

### Auditorium Theatre

Thursday Evening, May 2, 8 o'Clock,

Hear Mr. Burns' story of the gigantic struggle on the Western Front. Graphically told with over 200 slides of actual scenes from the front line trenches. These pictures are the result of months of work on Mr. Burns' part, being carefully selected from among hundreds of like pictures. Every American should see these pictures—telling better than words the conditions which are being met by our boys already on the firing line.

The final program of Oakland's big Liberty Loan Drive. A fitting climax. Get to the Auditorium as early as possible so that the pictures may be seen in quiet by those present.

**ALL SEATS FREE**

**I**N all the big things Oakland has done, she has never offered a bigger or better free entertainment to her citizens than she now offers on the first three days of May. Look at the three programmes laid out for your entertainment, each individual taking part, whether as speaker or performer, offering something of the highest quality for your entertainment or education. See to it that every seat is taken so that this great rally at the end of the big drive for the Third Liberty Loan may go down in the history of our loved Bay City as one of the things it is proudest of. Let it be as memorable as the fact that Oakland is "Over the Top" with her subscription for the third campaign. Make a note of the dates and the times of each performance and come to every one for there will be no repetition, each one is individual and different. There are plenty of seats in the Auditorium, be one of this great historic audience, and bring with you your family and friends.

# RAILROAD ENGINEERS OUT WITH STATEMENT

**Men in the Cabs From Many States Declare Tanlac Conserves Health of Railroad Men and Makes Them Fit for Responsible Duties in Most Nerve-racking Service.**

**NO CALLING** demands a clearer brain, steadier nerves, a more perfect state of health than that of a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the efficiency of his engine. Every engineer realizes this enormous responsibility, he dares not take chances with so important a matter. That is why so many of them are using Tanlac—it steadies the nerves, clears the brain, corrects indigestion, strengthens the arms, insures the safety of the traveler, and keeps him on his job.

Railroad engineers everywhere endorse Tanlac because they have tried it and know. Read what they say:

W. L. Nabers, Atlanta, Ga., engineer Southern Railway, says: "I had lost appetite and kidneys deranged—since taking Tanlac haven't had a pain—gained 14 pounds."

L. C. Bowers, 910 First avenue South, Nashville, Tenn., engineer Tennessee Central, says: "Stomach trouble and nervousness overcome—nothing too good I can say about Tanlac—gained eight pounds."

D. A. Middleton, 1117 Chenover street, Houston, Tex., engineer Southern Pacific, says: "Was in bad shape—couldn't walk—Tanlac built me up like new man—gained 14 pounds."

T. G. Ayers, 107 Raines avenue, Nashville, Tenn., engineer Louisville and Nashville, says: "Kidney trouble, nervousness, poor appetite—Tanlac put me in good shape—gained seven pounds."

J. T. Toy, Atlanta, Ga., former engineer, says: "Nervous indigestion—kidneys in bad shape—pains in back—am satisfied with what Tanlac has done for me."

R. H. Owens, 2700 Avenue G, Birmingham, Ala., engineer, says: "Run down—indigestion—paralysis of heart—had to give up job—since taking Tanlac eat anything—have gone back to work."

T. G. Burrows, 3915 McKinley avenue, Houston, Tex., engineer St. Louis, Brownsville and Mexico, says: "Catarrh of head and stomach—headaches—nervous—Tanlac is railroad man's friend—feel like a new man."

Lynn Ellis, 410 North Bellevue avenue, Memphis, Tenn., engineer Louisville and Nashville, says: "Headaches—pains in back and kidneys—strained every nerve to keep up—Tanlac relieved me entirely."

C. J. Weeks, 2415 Broadway street, Jacksonville, Fla., engineer Seaboard, says: "Suffered twenty years from nervous indigestion—Tanlac entirely relieved me—gained 20 pounds."

G. G. Geiger, 133 Linden street, Atlanta, Ga., engineer Georgia Railroad, says: "Tanlac relieved my wife of rheumatism—she gained 25 pounds from using it."

## WOMEN'S LOAN RALLY CENTER OF INTEREST

(Continued From Page 1)

program are Mrs. E. R. Brainerd, State chairman of women's activities Mrs. A. S. Baldwin, chairman of the Women's Liberty Loan committee; the Twelfth week of the Reserve district; Lieutenant MacKinnon of the Canadian expeditionary forces, who was recently wounded during the fighting on the western front; Mrs. J. M. Macgregor of this city, and the Lakeside Ladies' band.

Mrs. Brainerd and Mrs. Baldwin are recognized as the leading clubwomen of the State. Together with Miss Dressler, they present in Oakland Wednesday night will represent a brief halt in a whirlwind campaign of the State in behalf of the third loan before the drive closes next Saturday night. It is believed that the meeting will result in the sale of many thousands of additional dollars worth of Liberty Bonds in this city.

According to H. Richards Wilson, Scout executive in charge of the Boy Scouts' Liberty loan campaign during the Twelfth week of the drive, more than \$130,000 worth of Liberty bonds have been sold by the army of young salesmen.

It is estimated that in this total for two days' work more than 1000 individual subscriptions are represented, all of which have been solicited and obtained by the Boy Scouts. Troop 21, which won the presidential flag during the second loan for the greatest number of bonds of any troop in the state, leads at the present time with 93 individual subscriptions, which total \$3400.

This particular troop is determined to make a similar record this week, so as to obtain the presidential shield which has been offered to the winning troops of each state during the second loan.

**BOY SCOUTS TELL OF EXPERIENCES.**

Many of the Boy Scouts are reporting interesting experiences in their canvass of the city. One reported that he found a negro cook in the rear of a Piedmont home who could neither read nor write and whose knowledge of the Liberty loan was decidedly indefinite. After a few moments' chat with her the Scout signed a pledge card for her and then saw to it that she made her initial deposit.

Another Scout reported that he was almost ordered off the premises of a home in East Oakland for having the "nerve" to ask whether or not a bond had been purchased. The boy had overlooked an honor flag which was displayed in a window and apologized duly and so politely that he left the place with another pledge card signed up.

Out in Grand Avenue Heights a Boy Scout sold an additional \$50 bond to an old cook who spit and chewed tobacco all over the place and crabbled because he had already bought \$7000 worth of bonds.

At the front door of a College avenue home one Boy Scout waited for three-quarters of an hour upon an elderly woman and then escorted her downstairs and led her to a bank where she paid for her bond in full.

Another chap reported that one of his prospects, who was a cripple, insisted upon paying in full for the bond at the time. This lad took the proffered draft, brought it immediately into Scout headquarters and returned in half an hour with an official receipt.

Hotel Oakland a Liberty bond rally will be held for the benefit of the Boy Scouts in charge of this week's drive, under the auspices of the women's Liberty loan committee. Admission is free.

The principal features of the meeting will be a program of entertainment donated by the players of "The Little Art Theater," of which Jane Edgerton is manager. A two-act comedy, entitled "Suppressed Desires," will be presented by C. Allan Lewis, Carol Day and Alva Evans, pupils of C. D. Neumayer of the University of California. The comedy is from the pen of Susan Gissel and is said to have been a Washington Square success.

In addition to the comedy there will be a reading by Miss Katharine Drew, a dance by Miss Irene Wheeler and several musical numbers.

The following statement was issued this morning by the sales department of the Liberty Loan committee and explains the presence of Liberty Loan workers in automobiles throughout the city, who are being assisted by sailors from the Terza Buena naval training station.

"The sales department of the Liberty Loan committee is sending out autos to every section of the city in the hope of reaching a number of the city who are making a house-to-house canvass of the city, which has been carefully districted for the purpose, in each one of these autos is a designated representative of the association, who are prepared to receive payments and issue a receipt.

During the entire period of the Liberty Loan drive in Alameda county up to the present time, San Lorenzo, it is explained, has been the Liberty Loan committee, was overlooked in the matter of giving it recognition for the sales of bonds in that section of the county. San Lorenzo, it seems, had no definite sub-quota and was classified with neither San Leandro nor Hayward, inasmuch as San Lorenzo citizens were about evenly divided as to the towns in which they did their banking. The result was that during the drive San Lorenzans have been buying bonds in both the Hayward and San Leandro districts.

It was reported this morning that fully \$25,000 worth of Liberty Bonds have been purchased by San Lorenzo so far, and that this sum will be materially increased during the remaining days of the campaign.

**THEATER AUDIENCE MAKES LOAN PLEDGES.**

Mrs. Frank Taylor, one of the local Women's Liberty Loan workers, this morning filed a report with the Liberty Loan committee, stating that at the Bishop Playhouse last night more than 100 pledges had been subscribed towards Liberty Bonds by persons in the audience. Assisting Mrs. Taylor in the solicitation of the patrons of the theater were six sailors in uniform who canvassed the audience. W. B. Bonner was the speaker representing the four-minute men of the country.

Mrs. Taylor explained that the success of the brief meeting was due in a measure to the cooperation of Henry Bishop, manager of the playhouse.

Lieutenant J. S. Dager of the 25th Canadian Battalion, who was wounded in the battle of the Somme, and who is at present attached to the British and Canadian recruiting headquarters in San Francisco, has been announced as the noon-day speaker from the platform in front of the Central National Bank for Wednesday. Lieutenant Dager will relate many of his personal experiences and will make a telling appeal for the purchase of Liberty Bonds, pointing out the necessity for Oakland to go "over the top" by a big margin in the drive. Lieutenant Dager will be a soldier's viewpoint of the Liberty Loan.

It was reported at Liberty Loan headquarters this morning that a total subscription of \$4000 for Liberty bonds has been made by Mosbacher's Clook & Suit House, half of which sum was subscribed by the firm and the other half by its employees.

**Osgood Drug Co. Again Fortunate**

The management of Osgood Drug Co. is to be congratulated. It has always been the policy of this company to be on the "lookout" for the welfare of the public. This time they thought of the man. They have a price that will enable them to retail at 7 for 25c. This price will enable the man to Hooverize on his smokes. Think what it means, a saving of 3c on twelve smokes. Can you beat it? These cigars are not going to last long. So get busy and lay in a supply, as we will not be able to make an offer like this again during the war.—Advertisement.

## BOY TELLS WHY HE SHOT HIS FATHER

(Continued From Page 1)

2518 Twenty-fourth avenue. My father is a conductor with the Oakland Traction Company. My father came home tonight late and we all had supper together and then he and I went out and attended to the little chickens. After this we went on the back porch and father asked me if I had decided to go to school tomorrow and I said "No." Father said, "I can't make you go to school but I will get somebody to make you," I answered, "I won't go."

Father said, "I can do it right now," and I said, "Go on and do it." Father said, "Go and get your cap and come with me."

I said "All right," then father said, "If you want to say goodby to mamma, go on and do it." I answered that I did not. Then we walked out in front of the house and I told him that if he really intended to take me down to the home to let me say goodby to mamma. Then I went inside of the house, but did not say anything to mamma, but went to the china closet in the kitchen and got the rifle and loaded it and went out on the side porch, and saw my father standing alongside our house about 18 feet away. I pointed the gun at him and said, "If you are going to take me down there I will shoot you." Then I pulled the trigger. I aimed the rifle at father's breast; father ran toward me and I ran down the steps into the yard, but first laid the rifle on the porch. I ran from the backyard to the front of the house and I heard someone cry "My God," and I thought it was my father. Then I ran around the side to the porch and found my father lying on the porch and my mother standing over him. I put my arms around her and told her to keep quiet, as she was hollering.

"Then my sister came out on the porch and all commenced crying. Then the lady from the hospital across the street came down and said to me, 'What have you done?' I said, 'I have killed him and will kill anybody.'"

"Then she went and called the doctor. I stood there hugging mamma and crying. Then I went outside on the street, as I was going to call up the police. As I was going up the steps to the hospital to get a phone Mr. Wilson came and got me."

"When I went in the house to kiss mother goodby I wanted to get hold of the rifle, and if father said he was not going to take me I was not going to shoot him, but if he said he was going to take me, I intended to shoot him. I have had the rifle in the house one year. I knew if I shot father in the heart it would kill him."

"I have not been to school for two months. About one month ago I stole \$11.75 from my mamma and went to Seattle and paid my way back. I was never locked up in the Detention House and was never on probation."

"No one saw me shoot my father, as my mother and sisters were in the house, but came running out on the porch when I shot. My father has often whipped me, but my mother never whipped me because I would not let her."

"I am the oldest child in the family. My sisters are Emma, Nola, Beatrice and Esther."

"When I loaded the rifle I used the only cartridge that was left in the house. I never thought of shooting my father before tonight."

MELBOURNE, April 30.—George II, King of the Tonga Islands, is dead.

The Tonga, or Friendly Islands, in the South Pacific ocean, have been under a British protectorate since 1900. There are about 150 islands, of which thirty are inhabited. The people are fair, Christianized Polynesians. George II was 43 years old.

**"Carmen of the Klondyke" at Kinema Full of Action And Winds Up With Furious Fight**

The Final Fight Between the Two Men of the North Sea Will Make Everyone Hold His Breath—It Is the Best Fight Ever Filmed.

Alaskan pictures appear every so often, but it is only at great intervals that the war with distinctive merit appear, such as "The Spoilers," "The Flame of the Yukon," and the latest one, "Carmen of the Klondyke," which is at the Kinema today and all of this week. It is the type of outdoor picture which will make everyone glad that they were able to transport themselves to the land of the frozen north for a couple of hours.

No end of thrilling scenes are furnished, and besides a very surprising love story runs throughout. In one part of the story, a fortune is laid down on the gambling table by two men, and a terrible suspense is worked up as we see the man we'd like to have win draw an apparently certain card, only to see him lose in the final show-down.

Another gripping scene is furnished by the race through a blizzard to be the first to file their claim. The result is a draw until Carmen takes a hand—and she takes a hand on the side that will surprise us. A thrilling race to the finish as the two men fight, not with cards for money but with all the brute force at their command for the girl, the fight takes place right in the clutch of mud of the town's main street, the two men locked together as might two bulls.

Tomorrow evening at 8 o'clock, the well-known screen comedienne, is to appear in person at the Kinema. Miss Dressler was selected by Senator McCoo to open the Liberty Loan campaign in Washington, and is now touring the country in behalf of Uncle Sam.—Advertisement.

## THERE ARE TWO REASONS.

Were any investor to consider the matter of sub-  
scriptions to the third Liberty Loan as entirely a  
business proposition, as many do, here are some of  
the facts in connection with the latest proposal of  
the United States government to borrow \$3,000-  
000,000.

The entire resources of the United States are the  
security back of these bonds. The issue will run for  
ten years, maturing on September 15, 1928, bearing  
interest from May 9, 1918, at 4 1/4 per cent, payable  
semi-annually on September 15 and May 15. Pur-  
chase of bonds under the government plan requires  
a cash payment of 5 per cent, the other payments  
falling due on May 28, July 18 and August 15, the  
amounts being 20 per cent, 35 per cent and 40 per  
cent. Banking institutions have made arrange-  
ments for payment in smaller installments.

Principal and interest of the bonds are exempt  
from all federal, State and local taxation, except  
federal estate or inheritance taxes, surtaxes, excess  
profits and war profits taxes. Interest on a prin-  
cipal amount of \$5000 is tax-exempt except for federal  
estate or inheritance taxes. The bonds will not be  
convertible into future issues.

Considered from the purely business standpoint,  
therefore, the third Liberty Loan bonds are an excel-  
lent investment. They are backed by the soundest  
security in the world today, pay a reasonable divi-  
dend of interest and are exempt from all ordinary  
taxation.

But the purpose for which the loans on these  
bonds is applied is an important, for it that pur-  
pose fails the security behind every bond and in-  
vestment in the country will be worth less than the  
paper on which it is written. Every bond bought is  
a loan to the government for the purchase of war  
supplies and the payment of war services. To the  
great majority of the people they offer the only  
means or direct service to their country in the  
present crisis.

Purchase of these bonds may mean the difference  
between defeat and victory. At least you have the  
satisfaction of buying them in the interest of vic-  
tory. President Wilson has given one version of  
what defeat means:

"That program [of Germany to impose upon the  
world a dominion of might and the unhindered  
execution of her will] once carried out, America  
and all who care or dare to stand with her must  
arm and prepare themselves to contest the mastery  
of the world—a mastery in which the rights of  
common men, the rights of women and all who are  
weak, must for the time being be trodden under foot  
and disregarded and the old, age-long struggle for  
freedom and right begin again at its beginning.  
Everything that America has lived for and loved,  
and grown great to vindicate and bring to a  
glorious realization will have fallen in utter ruin  
and the gate of mercy once more mercilessly shut  
upon mankind."

## INFORMATION ON COAL.

Out of the controversies between Fuel Adminis-  
trator Garfield and Director-General of Railways  
McAdoo has emerged some encouraging information,  
regarding the coal situation. Thus it is once more  
demonstrated that expression of differences of  
opinion and criticism often produce good results. It  
would have been better, perhaps, to explain the true  
situation in a more frank and direct way, but the  
public must be grateful these days for real informa-  
tion in any form.

Mr. Garfield a few days ago renewed his com-  
plaints that coal production was being retarded by  
the shortage of the car supply. No one has  
denied the fact of a car shortage, but explanations  
from other sources than the fuel administration do  
not place all the blame for the decrease in coal pro-  
duction on the railway administration, as Mr. Gar-  
field apparently intended to do. The fuel adminis-  
trator called attention to the sharp falling off in  
production during the first week in April. The  
Geological Survey shows there was a 14 per cent  
reduction over the previous week, but attributes it  
largely to the holiday on April 1st.

This report shows further that with the exception  
of the week ended April 6th, coal production has  
been above last year's average since the middle of  
February. Figures given out by the railroad ad-  
ministration show that although there was a de-  
crease of 79,000 carloads in the volume of coal  
loaded in January, there was an increase of 31,000  
cars in February, 46,000 cars in March and 7750  
cars in the first week of April. There has been,  
therefore, a net increase of 6441 cars this year.

This improvement is not large, but it is signifi-

cant in showing a recovery from the dismal condi-  
tions that prevailed in January on account of cold  
weather and traffic congestion.

## LABOR FOR THE FARMS.

The Department of Agriculture is authority for  
the statement that in Athens, Georgia, a census  
recently was taken to discover the exact wastage  
of muscle that could be turned to war work. It was  
found, according to conservative reports, that the  
non-essential house servants alone, in that city of  
20,000 people, could furnish the labor for cultivat-  
ing enough land to produce at a moderate yield  
75,000 bushels of corn.

This is only one instance of applying the test,  
"does it help to win the war?" to a given line of  
human effort, and the result will probably be fewer  
house servants in Athens, Georgia, and more  
workers in the cornfields. Really, Athens is a small  
town to keep enough unessential household help to  
raise 75,000 bushels of corn.

The same kind of enquiry is almost certain to be  
made in every urban community in the country, and  
every citizen will have the opportunity to answer  
the question of whether he is doing anything to help  
win the war. Under the Boys' Working Reserve for  
farm work plan, states the federal Employment  
Bureau bulletin, 102,000 boys have been enrolled  
for work on the farms during the coming summer.  
California reports 22,000 boys enlisted in this army  
of crop harvesters. As the season advances other  
devices will be employed to give the farmer all the  
help that can be made available.

Is the farmer preparing to meet the problems  
connected with temporary labor, largely unskilled  
and "unhardened" in farm work? One of the  
obstacles to obtaining an adequate supply of help  
in the past has been the farmer's own neglect to  
provide proper housing facilities. Not on one farm  
in twenty in this State can there be found proper  
shelter and bathing facilities for any number of  
new farm workers in excess of five. It is not ex-  
pected of the farmers that they provide elaborate  
hotel accommodations for boys and men whose  
services will be required for only a few weeks. But  
they can do better, and should undertake to do  
better, than provide a straw pile on which a man  
may spread his own blanket.

Tents with wooden floors and clean canvas cots  
will not cost a large sum and they can be used for  
several seasons. Improvised shower or tub baths  
can be put up at a small cost. The State Housing  
Commission should see to it that proper health pre-  
cautions are observed. Providing these comforts  
may appear as a violent innovation to the farmer,  
but he must bear in mind that the youths of the  
larger cities who are patriotically foregoing their  
school holidays and enrolling to help gather the  
harvests in order to sustain the men at the battle  
front are not inured to farm labor. They are not  
accustomed to the facilities commonly afforded  
itinerant Mexican, Hindu and Chinese laborers.

THE TRIBUNE believes the farmers and the State  
Housing Commission should take up consideration  
of housing accommodations now and thus be pre-  
pared to make the most of the labor of young men  
from the cities in June, July and August.

Reports of the Treasury Department show that  
up to April 6th government insurance under the  
soldiers' and sailors' insurance law had been writ-  
ten on over 1,700,000 soldiers, sailors and nurses  
for a grand total of approximately \$14,000,000,000.  
The maximum policy allowed under the law is  
\$10,000 and the average amount of the individual  
policies issued is nearly \$8500. The entire life in-  
surance written during the year of 1917 by all the  
stock and mutual companies, fraternal orders, asso-  
ciations and societies in the United States was  
about \$6,000,000,000. The United States is, there-  
fore, the largest life insurance concern in the world.  
Government insurance is still being written in large  
amounts—at the rate of between \$800,000,000 and  
\$400,000,000 a week—and the total will soon be  
three times the total carried by all the private  
insurance organizations in the country.

President Wilson yesterday appointed the four  
directors of the newly-created War Finance Cor-  
poration and the work of organizing this new gov-  
ernment board may be expected to proceed rapidly.  
The law provides that the directors shall receive a  
salary of \$12,000 a year, and that the Secretary of  
the Treasury shall also be a member and the chair-  
man of the board. The principal office of the cor-  
poration must be maintained at Washington, but  
branch offices may be established in any city or  
cities of the United States under rules and regula-  
tions prescribed by the board of directors. Where  
these branches may be established is a question that  
will engage the attention of many communities  
whose spokesmen believe them entitled to such  
recognition.

## WHEN IS DEMOCRACY NOT DEMOCRACY?

The federal suffrage amendment has ominously in  
the United States Senate. It is presumably not brought to a  
vote because its supporters are not yet sure of enough  
votes to insure its passage. Miss Doris Stevens of New  
York, who has just succeeded as legislative chairman of  
the National Woman's Party Miss Anne Martin, candidate  
for the United States Senate from Nevada, intimates as  
much.

Six Republican senators are still definitely opposed to  
the suffrage amendment; but twenty-two Democratic  
senators persist in the same attitude of recalcitrance.  
More than two-thirds of the Republicans are pledged to  
the amendment; but only half of the Democrats. Miss  
Stevens reports a Democratic leader in the Senate as  
saying with sublime naïveté: "It is up to the Republi-  
cans; we have done all we can. When the Republicans  
give you enough votes to pass it we will bring it up."  
This condition is peculiar, in view of the declaration in  
the Democratic national platform in favor of suffrage,  
of the endorsement by the Democratic national committee  
of the federal amendment, and of the statement by  
President Wilson, who described himself in his famous  
letter to New Jersey Democrats as the "leader of a great  
party," urging the passage of the amendment.  
The situation suggests the question, When is democracy  
not democracy? Obviously, when it is Democracy. In the  
United States Senate.

## NOTES AND COMMENT

There was ready acquiescence in  
fixing the price of wheat, but there is  
instant objection to fixing the price  
of cotton. Wheat is raised in the  
North and cotton in the South. Is  
that the answer?

The idea that rounding up vagrants  
for farm work won't help farmers is  
being generally recognized. On a  
more intimate job, where it is pos-  
sible to keep closer watch, the work  
slacker might be made to help some,  
but even then his economic value  
would be debatable. To obtain any  
satisfaction he would have to have  
summary treatment.

Cannery men are not in an entirely  
comfortable position. They have been  
fixed for them, but the producer of  
things cannable is still running free,  
and the middleman is without halter  
or bridle.

The difficult situation in which the  
Hollanders find themselves is realized  
and appreciated, but it is also realized  
that concessions to the Huns, once  
begun, will never be permitted to end.  
Unless the allies settle the trouble for  
the whole world by winning, Holland  
is in for Belgium's experience.

Hun ruthlessness takes a new turn.  
The mother-in-law of the Austrian  
emperor has been ordered out of the  
realm. Such an order could not have  
been conceived at home. There is lit-  
tle doubt where it originated; mother-  
in-law has been saying something  
displeasing to the Huns.

National introspection is one of the  
results of the war, and it is one that  
promises to be of benefit. We are  
realizing the wastefulness that char-  
acterized our living and other econ-  
omies, and finding that we can do  
many things that formerly we relied  
on other countries to do at our ex-  
pense.

This is not a good time for agita-  
tors from foreign lands to come  
here for the purpose of furthering  
their particular distractions. They  
are attracted by the absence of re-  
striction on unbridled tongues that  
has prevailed in times of peace; but  
they find it entirely different now.  
All public discussion must be to the  
main question.

It may be concluded that a person  
who does such a thing as to hurrah  
for the Kaiser in a crowded Ameri-  
can theater is so weak in his reason-  
ing part as to be incapable of figuring  
out probabilities. He needs an asylum  
for the feeble-minded rather than a  
jail.

"Peach growers join for higher  
prices." Profiteering is profiteering,  
whether it is indulged in by orchardist  
or middleman.

In this time of stress small things  
sometimes bring gladness. There is  
unconcealed joy in New York over  
the fact that the lobster, having  
been embargoed, is to return to  
Broadway. This refers to the  
crustacean. The other has been there  
all along.

The military man's wife who ran  
away with the Chicago professor has  
dropped from sight. Discussion of  
the whole incident might follow her  
with profit and satisfaction to decent  
people.

Something that was not common  
knowledge is the statement of the  
Council of Foreign Bondholders that  
Alabama, Arkansas, Florida, Georgia,  
Louisiana, Mississippi, North Carolina,  
South Carolina and West Virginia are  
in default on their State obligations.  
Not a Northern or Western State is  
named in this connection.

"Volcanic sulphur falls in Port-  
land." Is this an exemplification of  
the scientific principle that what goes  
up must come down? Question oc-  
curs as to the many sensational  
ascensions that have occurred up  
there.

## SPIRIT OF THE STATE PRESS

The Earl Fruit Company reports  
that it expressed two boxes of ripe  
cherries Tuesday, April 23, to the  
Eastern market, one to Boston and  
one to Chicago, where they were  
sold at auction and the proceeds given  
to the Red Cross. The cherries were  
picked from the orchard of Fred S.  
Jones in Green Valley, the largest  
cherry orchard in the State. These  
are reported to be the first ripe cher-  
ries in this district.—Suisun Courier.

Announcement that the United States  
government will commandeer the  
wool crop and that the price paid to  
growers will be on the basis of July  
30, 1917, will prove of immense in-  
terest in Kern county, where 275,000  
head of sheep are clipped annually.  
The July 30 price was a very good  
one. The price of wool in the last  
year or two has risen several hun-  
dred per cent and at one time 30  
cents was being paid.—Bakersfield  
Echo.

"We are not fighting a language,"  
say pro-Germans when it is suggested  
that the schools of America cease the  
teaching of German. We are not  
fighting a language. It is true, but we  
are fighting a nation which is doing  
its very best to crowd that language  
down the throats of the world and  
with the same intention that that lan-  
guage be made to supersede all others  
and for the express purpose of Ger-  
manizing the world.—Ventura Free  
Press.

## SAVING WHEAT AND COSTS.

To the Editor of The Tribune:  
Today I had my dinner with two  
friends at a restaurant that we  
patronize regularly. The new rule as  
regards bread was enforced. Two of  
us were allowed to roll up and the  
third to roll at all, as he had macar-  
oni, which was made of wheat, but  
the price charged was the same as  
formerly. The friend who had the  
macaroni told the waiter that he  
felt entitled to a substitute, but none  
made its appearance. I believe the  
majority of our people are only too  
glad to aid in the conservation of  
wheat, but what are the restaurant  
men going to do about it?  
C. M. CLOUGH.

## OUR AMERICAN MUSKETEERS

## TODAY 20 YEARS AGO

Mrs. Henry Wetherbee was hostess  
at an elaborate dinner at her home  
in Fruitvale. The guests of honor were  
Mr. and Mrs. F. M. Smith and Mr.  
and Mrs. Henry Butters.

Chaplain John S. Wallace of this  
city, who served for forty years in  
the Marine Corps and at the close of  
the Civil war accompanied Admiral  
Farragut on his European cruise,  
preached in the East Oakland Epis-  
copal church on "The Morals of Our  
War With Spain."

Governor Budd wrote Captain C. K.  
King of Company A, Old Guard, of  
this city, that his requisition for arms  
had been referred to the adjutant-  
general for action. Citizens generally  
took great interest in the organization  
and Victor Metcalf sent the (Grand)  
substantial favors.

Bicycle races at Pleasanton were  
made the occasion of a holiday, and  
many cycling enthusiasts from Oak-  
land and the other bay cities went  
there.

## TREES FOR FRANCE.

Nothing that the Germans have  
done in France is more despicable  
than the deliberate ravaging of the  
occupied country for no military  
reason. At every point where they  
were driven back by the allies they  
destroyed whatever they could not  
carry off. The spirit of malicious mis-  
chief was especially revealed by the  
spoliation of the forests and orchards.  
If there was not time to fell trees  
they girdled them. The need of re-  
pairing this widespread injury after  
the war will be very great. It is a  
gracious act, therefore, for the Pen-  
nsylvania department of forestry to  
offer four million white pine seedlings  
from the state nurseries for this pur-  
pose. The French government will  
undoubtedly accept the gift with  
gratitude, seeing in it another proof  
of the deep affection of Americans  
for France and their keen sympathy  
with the sufferings of the French  
people.—Philadelphia Public Ledger.

## IN A COCONUT SHELL.

A boat, a bale and brains can bat-  
tize any Bornean. C. M. Worthington,  
Methodist missionary, has proved it.  
When he went to Borneo, he found a  
government regulation that said not  
more than one religious denomination  
could work in a given place. It hap-  
pened that the field he selected had  
already been assigned to another  
church, but the other church had es-  
tablished no work. Was that going to  
turn away a Methodist? Not if C. M.  
Worthington knew it!

"For two years," he says, "I was  
repeatedly refused permission to bat-  
tize." Then I hit upon a plan. Hiring  
a little boat, I filled it with three of  
my converts. We rowed out three  
miles and there on high seas, beyond  
Dutch jurisdiction, I baptized my men,  
using a coconut shell which lay in  
the bottom of the boat and which  
ordinarily, was used to bale out  
water. When I returned to the island  
I went to the Dutch official and told  
him what I had done. He studied me  
a moment. Then he broke into a  
laugh. "A regular Yankee trick," he  
said. After that I was allowed to bat-  
tize wherever I pleased." Recently  
the government gave \$17,000 grati-  
tously toward a Methodist mission  
hospital.—Methodist Centenary Bulle-  
tin.

# Help the Boy Scouts Pull Oakland over the Top

THE government has again called upon the Boy Scouts of America for help in floating the Third Liberty Loan of \$3,000,000,000, and as ever, the Scouts are ready.

The Oakland Liberty Loan Committee has made very complete plans for the Oakland Scouts to take entire charge of the last week of the campaign. The Scouts will canvass the 500,000 names supplied them in 3000 different routes. Each boy handling one of these routes will be given an envelope containing instructions and the necessary subscription-call and secret-service cards, which he will need in making a thorough canvass of his route.

## President Wilson Says:

"It is my earnest wish that every troop of Boy Scouts and every Scout and Scout Official take part in your war service activities and especially in these Liberty Loan campaigns. Not only is this of practical service to our country in these critical times, but it is of great educational value to the boys in preparing them for the responsibility of citizenship."

**Oakland men and women!**  
—Our honor, our patriotism,  
our loyalty are in the balance! Are we less loyal to our nation's righteous cause than the subjects of the kaiser to his arrogant aims? Buy Liberty Bonds and let us prove our worthiness to be American citizens!

All Oakland banks will be open each night this week from 6 to 9 o'clock to secure Liberty Loan subscriptions. Get yours in tonight!

There is an average of 25 to 30 Scout workers and routes to each of the 126 districts which are in command of as many Scout captains. These captains are the older Scouts, Patrol Leaders, or former Liberty Loan winners, who bear the real responsibility of the success of the campaign. It is the captains who recruit up their teams to full quota and who see that the workers cover their assignments. Every Scout worker must serve under a captain and if possible, he will be placed in a district about his home.

## The Boy Scouts Are Working

1—To help win the war by selling bonds for Uncle Sam.

Oakland Scouts sold \$700,000 in bonds in the second campaign. Scouts all over the United States sold \$100,000,000 bonds in the second campaign.

2—To earn the award of the United States Treasury Medal given by the government to each patriot Scout selling bonds to ten or more individuals by his own salesmanship.

135 Oakland Scouts won this medal in the Second Liberty Loan, selling over 3000 different bonds. These Scouts are this time working for an additional bar denoting their second achievement.

3—To win for their troop the President's flag, awarded to the Scout troop in each State which sells the most bonds per boy.

Troop 21, under Scout Master John Powers, won this flag in the Second Liberty Loan over all the other 30,000 Scouts in California by selling an average of 26 bonds for each of the 27 registered Scouts.

"Take nice souvenirs to take the children home. Buy some of my balloons!"

"No, thank you," said Uncle Wiggum. "I have all the souvenirs I need. I don't want any balloons!"

And then the poor old dog fish begged to cry.

"Oh, no one will buy my balloons," bailed the sad dog fish. "They are such nice balloons too and—"

April shower, which Nurse Jane had picked up, came pelting down. Uncle Wiggum started to get all wet, and the nice souvenirs he had bought and he would have been badly soaked.

Only the dog fish quickly said:  
"Come, Uncle Wiggily. Get under my bunch of balloons with me. They are rubber, and the water can't get through them. The balloons are as good as an umbrella. Come in, Uncle Wiggily, or you'll get wet."  
"Thank you," said Uncle Wiggily, "I will." And he did. And the toy balloons of rubber, kept off all the drops of the last April shower, and Mr. Long and the souvenirs weren't wet a bit. Even the bunny was so thankful after the shower that he bought a dozen souvenirs to help the poor old dog fish who didn't carry any.

CHEAP ASPARAGUS  
IN LOCAL MARKET

Asparagus will greet the housewife to-  
morrow when she goes out for her market day  
shopping in local stores, but only and lettuce,  
which were scarce today in the commission mar-  
ket, may move to higher prices. Potatoes may  
be made cheaper, as today's lower prices  
in the wholesale prices, in striking con-  
trast to new rises in beef and pork. The equi-  
try supply, according to farmers, is slightly  
better as new goods are arriving. One firm  
reports a shipment of eastern goods on the way,  
although this will not arrive in time to affect  
tomorrow's market.  
The housewife will have a wide variety of  
produce to choose from tomorrow—cream and  
summer squash, eggplants, asparagus, arti-  
chokes, which are selling at fairly low prices,  
and strawberries, Fresno and Alameda county  
zucchini, at low prices and of fine quality, and  
new potatoes, which are potatoes to be put  
at bargain prices in order to be made in  
many groceries as a part of the Grocers' Asso-  
ciation "potato drive" intended to encourage  
the public to eat more potatoes and save wheat.  
Tomatoes sold a shade lower on the commis-  
sion market today, which presages possible bar-  
gains in some stores in tomatoes tomorrow.  
Missouri Pippins dropped a shade in the com-  
mission market today, and will possibly be  
cheaper than yesterday's apples. This is an  
excellent baking apple. Green peas  
wholesaled at 3 and 4 cents today, the goods  
being choice.

War News Strengthens Market  
Steels Gain Point; Then Lose 2

NEW YORK, April 30.—Encouraging war news and unsettled domestic conditions were the conflicting factors of today's uncertain market.  
The repulse of the German forces on the western front was reflected in the strong and broad opening. United States Steel changed hands in lots of 1000 to 2000 shares at an advance of one point. Bethlehem Steel, Republic Iron, Baldwin Locomotive, Marine common and preferred and various specialties made similar gains. Motors, Oils, Distillers, Alcohol and American can also were strong, but rails held within fractional limits. Liberty bonds were irregular.  
Early gains failed to hold. Leaders soon cancelling the greater part of their advance on extensive profit-taking. Later there was a more general reaction which left most popular issues under yesterday's final quotations. The additional reversal was concurrent with reports that the government contemplates further curtailment of trading in cotton and other commodities. There were rumors of a probable cut in United States Steel dividends. Steel not only yielded its early gain, but became heavy at noon at an extreme reaction of two points.  
Under the lead of United States Steel and Reading losses were further retrieved in the final hour. The closing was irregular.

Movement of prices at today's session is indicated in greater detail for the several periods in the following:

## STORES ARE DAMAGED IN NOON BLAZE

Block at Twelfth and Washington Is Menaced by Blaze—Veteran Chief Among Those Who Lend Aid to Firemen

A fire, that started in a defective motor in the basement at noon today, menaced the business block at Twelfth and Washington streets, one of the older structures of the city, created a near panic among clerks in offices and stores upstairs, and filled several stores with smoke through which customers and employees were led to safety by the police and a number of soldiers who volunteered their aid. Only prompt discovery of the blaze, which had spread from the motors to a pile of pasteboard boxes and a stock of straw hats, saved the building.

The blaze attacked the stock stored in the lower part of the "Dollar Shirt Store," corner of Twelfth and Washington streets, and the basement of "Chandler's," 1204 Washington street. Goods in the basement of the "Chocolate Shop," 1204 Washington street, were damaged by water and smoke.

The blaze was discovered by F. Dusan, an elevator operator, who turned in the alarm and then assisted in getting a number of people out of the building. The upper part of the building occupied by the Foreman & Co. store, which was also containing a valuable stock of clothing, was in peril for a time but was protected by prompt action of the fire department, practically without damage save for some smoke.

Miles Doody, veteran Oakland fire fighter and chief of the department team, entered the building and assisted the firemen in removing burning debris. Doody is nearly 70 years of age, but manned chemical hose as well as the younger men. He was congratulated by the assistant fire chiefs after the blaze was out on his work.

The damage in the basements is estimated at several hundred dollars, and the elevator shaft and stairs were also damaged. A large crowd gathered, blocking traffic, while the firemen were working.

### STRUCK BY TRAIN

Walter Kessel, 3240 East Fourteenth street, employed as a shipyard worker, and F. E. Dixon, 1524 Clay street, a painter, were treated at the receiving hospital today for slight wounds received when they were struck by a Southern Pacific train at First and Adeline streets. The men were crossing the track, unaware of the train's approach. They were able to return to their work.

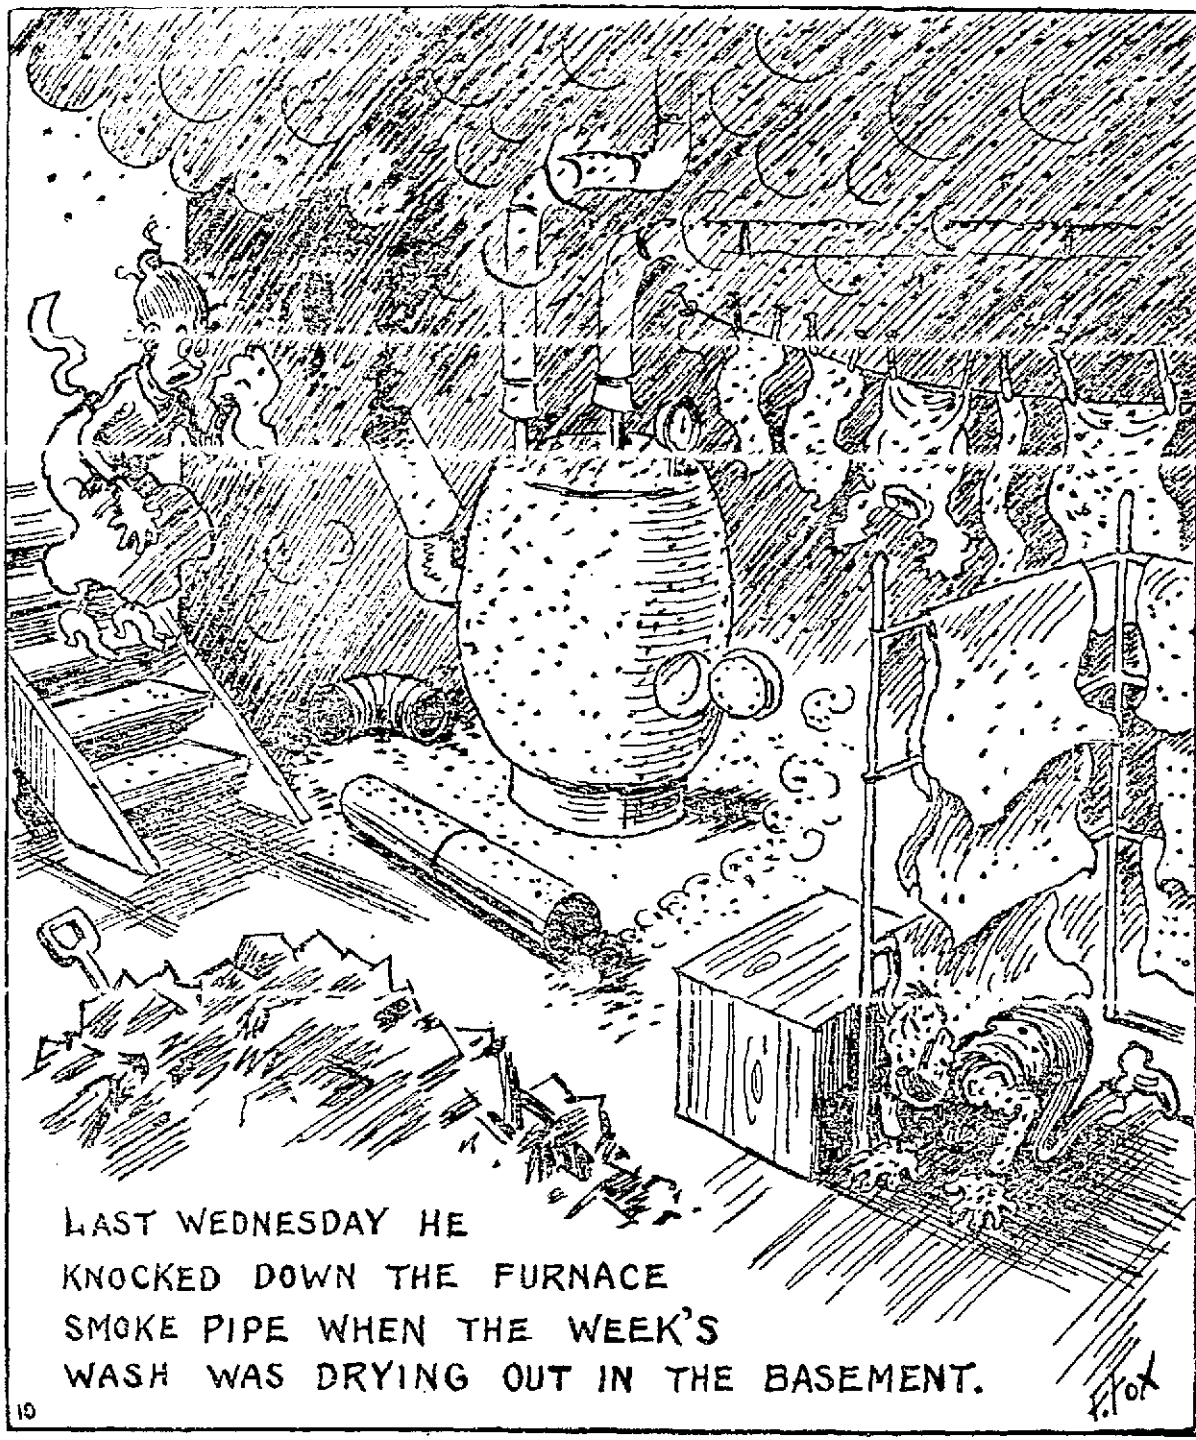

### FERRY TO BE BARGE

The old Western Pacific steamer Telephone is to be made into the largest barge ever constructed in the West, according to the plans of V. O. Lawrence, local warehouse owner, who today purchased the 600-ton vessel. The engines of the boat were removed.

### Oakland Housewife

Becomes New Woman  
"All our best doctors had given me up. I was unable to leave my bed for 16 weeks and was yellow as a pumpkin, besides the terrible stomach pains I suffered. Our druggist advised my husband to try Marr's Wonderful Remedy and it has saved my life. I am a new woman now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Stores.—Advertisement.

## DRUM AWAITING ADVICES ON JOB

John S. Drum, prominent financier of the bay district, and the other six members of the capital issues committee appointed yesterday by President Wilson, are awaiting the results of the selection at the hands of the Senate finance committee. The committee's ratification is delayed, according to advices from Washington today, through a desire for more information concerning Drum and James B. Brown of Kentucky.

With Drum on the committee are Charles S. Hamlin of Massachusetts, Frederick A. Delano of Illinois, Henry C. Flower of Missouri, Frederick H. Goff of Ohio, James B. Brown of Kentucky and John Skelton Williams of Virginia. The Senate committee formally approved the appointment of the four directors of the war finance corporation, a \$500,000,000 institution in national affairs, who were selected yesterday. They will, with Secretary of the Treasury McAdoo, organize a loan to banks and do other war business.

## Papers Held Up at Instance of Clerk

But for the vigilance of Clerk J. J. Kingston in the office of County Clerk George E. Gross, J. Reinhardt, now being investigated by the federal authorities, would have secured his first papers as a citizen and been able to get away on the high seas. Reinhardt was bound for Alaska. He presented himself at the county clerk's office to make declaration of his intention to become a citizen. Kingston investigated and reported that the applicant is of German nationality, and although in this country twenty-four years, had never declared his intention to become a citizen.

Reinhardt was accompanied to the office by J. T. Kirby, owner of a hotel at the foot of Sixth avenue, who is in federal custody and whose liquor license is being considered by the City Council for revocation.

## Talking Machines Ready for Fighters

If any group of soldiers are desirous of a talking machine, there are two in possession of Helen Plummer Howard, at the head of the talking machine department of the Liberty Hut. These machines were sent through the Liberty Hut, and will be sent to the first two units of soldiers, sailors or marines making a request. There are some records to go with each machine, but those conducting the affairs at the Hut can find out for many more as they can obtain through donation.

## Redlight Abatement Law Is Involved

District Attorney Ezra W. Decola today filed a suit in redlight abatement against a house at 25 Twelfth street, owned by Sarah Chanciarulo and three of her brothers. The house, according to information alleged by Deputy District Attorney Ollie Hamlin, has been occupied by Alice Morrell for immoral purposes. It is declared that there were seven or eight girls in the house.

## Wheat Crops Will Exceed Estimates

WASHINGTON, April 30.—Spring wheat yields should increase 20 to 30 per cent over estimates recently made by the agricultural department, food administration telegraphic reports indicated today.

The winter wheat crop probably will be at least 140,000,000 bushels in excess of the forecast, officials stated.

AGED MAN IS SUICIDE.  
William Jeff, 75 years old, a former inmate of the county infirmary, committed suicide by shooting himself through the head yesterday in the declaration by San Francisco, Calif., that Jeff had lived alone for some time in a little cottage at Emeryville. There are no relatives so far as is known.

MAY BUY BONDS.  
Judge Joseph S. Koford today made an order committing B. F. Van Dyke, administrator of the estate of Isaac J. Van Dyke, to invest \$10,000 in Liberty bonds. The bonds will go to the credit of Sacramento county by reason of the fact that the bulk of the property is there.

## Discovers Antidote for Gassed Soldiers

CHICAGO, April 30.—Discovery of an antidote for "gassed" soldiers was announced here today by Dr. William H. Field, a post-graduate hospital. Field also sent a telegram to President Wilson offering his discovery to the government.

The antidote, which is a liquid, will replenish the red corpuscles destroyed by the gas. If the soldier does not choke at the time of the attack there is hope for him to be rebuilt.

The soldier sent back to the front is the best held by the doctor. He has been experimenting for two months seeking an antidote.

The younger Field, according to the police, suffered from mental trouble, but was considered sane.

## Wealthy Widow Is Killed by Brother

LOS ANGELES, April 30.—Mrs. Harriet Isabel Fisk, a wealthy widow, was shot and killed today at her home in Hollywood, a suburb, by her brother, Henry Charles Fisk Jr., who then killed himself, according to a statement to the police by H. C. Fisk Sr., the only witness of the tragedy.

The younger Fisk, according to the police, suffered from mental trouble, but was considered sane.

## Developing Java to Supply Sugar

W. A. Ross, millionaire sugar planter, who for several weeks past has been staying at the Hotel Oakland with his family, left today on a Pacific liner for Java, where he plans to develop a number of new plantations. Ross owns large sugar land holdings in Java and other places in the tropics. He says that he has made arrangements to insure the smaller types of vessels to carry sugar, and expects that Java's output will by next year augment the present sugar supply.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—a sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

## SOME SIT, BUT NOT TEACHERS WHO HELP PAY

Women's Army Exercises Great Strategy at Theater and Win Places; Others Are Not So Fortunate As Lucky Sisters

The Woman's Army, the working arm of the Oakland women's multiple, Councils of National and State Defense, need never be accused of lacking in strategy. Yesterday afternoon in the Macdonough theater they showed that they could take care of themselves and protect themselves in the trenches or out of them. They took as many seats in the playhouse as they needed and held them despite rowing and protests.

The mass meeting was arranged that the women of the city might listen to Miss Mary McDowell, distinguished Chicago social settlement worker. The army officials were comfortable, had the best seats and never lost a word, but the weary school teachers stood throughout the hour, crowding the aisles and straining their ears from the corridors after the hard day's work. Seats were turned away.

When it was found that Miss McDowell was to be in the east bay cities the Oakland women's committee, the Young Woman's Christian Association and the School Women's Club agreed to unite in presenting the nationally known leader in the city, expenses to be equally divided among the three important organizations. Superintendent of Schools Fred Hunter attended his lecture to a 4 o'clock program. The Woman's Army announced a meeting of its officers for 3 o'clock in the theater. It was this early meeting which caused the trouble.

Lieutenants, captains, majors, colonels, well knowing that 3 o'clock would bring a crowd, refused to adjourn. They rigidly and determinedly kept their seats. Y. W. C. A. and school teachers arrived and filled the playhouse to overflowing, but the Woman's Army held. Great numbers of the school teachers went home.

Miss McDowell, who is chairman of that committee under the National Council of Defense, came to the city with women in industry, brought some new facts vividly before the people in a new way. Not only has Miss McDowell learned by experience of twenty-five years in the stockyard districts of Chicago, but she brings an unusual intelligence to her task.

"If the foreign born people were taken out of industrial life in the United States," she declared, "the soldiers could not have food, blankets, clothes or the things which will make them win the victory. If these aliens took it it their heads to quit I don't know what would become of us."

"The word 'Americanization' is never used by me. The foreigners themselves name its source. 'There is much being said of a compulsory naturalization and a compulsory learning of the English language. Teaching people English does not Americanize them. They cannot be compelled. They have come from other shores to a democracy and whatever brings to them an idea of an old country confuses and endangers them. This is dangerous."

"Know some foreign people, not as patronizing ladies but as citizens," Miss McDowell said. "The way we live with them now will have its effect on the rising generation. Do not forget that every baby born of foreign parents in the United States is an American citizen."

## TWO MEN HAVE CLOSE CALL AS TRAIN STRIKES

Walter Kisel, 3240 East Fourteenth street, and F. E. Dixon, 1524 Clay street, had a narrow escape from death at First and Adeline streets this morning, when a machine in which they were riding was struck by a Southern Pacific electric local train. The machine was completely wrecked.

Kisel, who is an employee of the Moore Shipbuilding Company, was removed to Providence hospital with a severely lacerated scalp and a badly torn shoulder. Dixon, a cleaner, was removed to the central emergency hospital by F. Kelly, 1135 Cameron street.

## LOCAL MEN WIN PLACES AS OFFICERS

Many From California Successfully Pass the Tests at Camp Lewis and Are in Line for Commissions for Service

Fourteen Oakland men and four from Berkeley, who have been students at third officers' training camp at Camp Lewis and who were graduated on April 29, have won their eligibility for appointment as second lieutenants, according to information made public today. Californians from various parts of the state to the number of 159 in all, received this standing.

The Oakland men include: Frank C. Bell, 363rd infantry; E. D. Brown Jr., 352nd infantry; Lloyd R. Brown, depot brigade; Robert W. Calne, 347th field artillery; Bruce C. Hill, quartermaster's department; Clarence A. Larson, depot brigade; Donald McClure, depot brigade; Richard H. Morrison, 345th field artillery; William P. ## PUT OLD ENEMY TO UTTER ROUT

Tells how to lift off that touchy corn without hurting one particle

Hospital records show that every time you cut a corn you invite lockjaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every corn.

You simply apply a few drops of this freezeone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn will be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Advertisement.
